WHAT ARE YOUR OPTIONS?

Helping you make the right choices.

*Treatment Services - Intervention - Home Detox - Employee Referral & Admission
Treatment Portal - Local Authority & NHS Block Contracts - Evidence Based Outcomes
Post Rehab Support - Staff Well-Being - Referral Generation - Life Back - Call Answering
Admissions Coordinator Service - Telemarketing - Medical Services - Patient Transport*

HELPING YOU MAKE THE RIGHT CHOICES.

Panacea Healthcare is part of a dedicated team of healthcare experts. Our focus and expertise is in assuring that clients get the treatment that best suits their needs.

Private Detox, Rehabilitation &

Admissions. At our call centre we have a team who have superb expertise in working with clients with addiction. Full clinical assessment and doctors records are obtained when necessary. We are also able to offer transport services with fully equipped ambulances and transport cars with medically trained staff.

Interventions we can help your clients from the point of denial from addiction and give them back their lives. After an intervention, we will place your client into a rehab centre for a treatment programme to help overcome their addictions.

Home Detox plans are a real alternative for many people who are fighting addiction to drugs or have an alcohol problem and need to get immediate help

Employee Referrals & Admissions

Many people will not commit to the appropriate length of treatment, because they cannot "get time off work", often asking for a 1 week or 2 week treatment programme. We work effectively with employers and employees to enable clients to undertake the appropriate length of treatment while retaining their career pathway intact. Planning effective employer / employee strategies with both employer and employee.

Staff Well-being The Panacea-Healthcare Treatment Sector Employee Assistance Plan is launched, providing a comprehensive Assistance Plan to employees of treatment delivery services across the UK.

ONLINE PORTAL

The UK on-line treatment-finder portal enables clinicians and individuals to find the 'Best-match' of in-patient and residential treatment matched to around 450 facets of a treatment programme or the evidence-based life-changing outcomes that a person can expect to achieve from the programme.

LOCAL & NHS CONTRACTS

Bringing together the needs and objectives of Local Authority and PCT Commissioners, clients and treatment centres, we enable Treatment Commissioners to gain the commercial advantages of 'Block Contracting'. This process enables treatment centres to benefit from security ongoing relationships.

EVIDENCE OUTCOMES

Our specialist team, led by one of the UK's top evidence-based accountability consultants, can help you understand how you can evidence the real life-changes that you enable a client to achieve, in a meaningful way that also supports the clients treatment progress, while enabling purchasers and commissioners to calculate a value benefit to treatment.

CALL ANSWERING SERVICE

With our own teams research showing that over 50% of calls to treatment centres to make referrals are NOT ANSWERED or CANNOT BE DEALT with by the person answering the phone, one of the first benefits to having a "We can provide in-house guaranteed phone answering & referral taking service is that every call from a potential referral is answered every time. **and contracted-out Admissions Coordinator services as well as the training, development and management of your own coordinators or admissions function"**

MEDICAL SERVICES

Panacea Healthcare can provide detoxification prescribing doctors to Treatment Centres throughout most areas of the UK.

MEDICAL SUPPLIES

Detox medications can also be supplied under strict clinical governance to Detoxification Services throughout the UK.

TRANSPORT SERVICES

Transport by road would either be by car, ambulance or medi-car. Medical escort would be either a specialist detoxification nurse or a medical ambulance crew.
