NEW MARRIOTT HOTEL IN DOWNTOWN DALLAS GETS IN TUNE WITH MUSIC-THEMED HOTEL PACKAGES

Dallas Marriott City Center offers two special music packages, which include deluxe accommodations, breakfast for two and \$25 gift cards to two popular Dallas venues.

Dallas, TX – (11/04/10) – Within the last several years, downtown Dallas has grown into a hub for music and the arts. Within the city limits visitors can find a variety of venues offering everything from classical to country to rock and roll. Some of the biggest names in all musical genres tour through Dallas, and every night brings a new act to discover. The Dallas Marriott City Center has embraced the Dallas music scene and wants guests to experience it for themselves. To facilitate this, the Dallas Marriott hotel has created two music packages: The [Escape Hard Rock Cafe](#) and the [House of Blues Package](#). The deals offer deluxe accommodations, breakfast for two at the hotel and a \$25 gift card to the respective venues. These Dallas music specials are available now until December 31, 2010, and can be booked online at the [Dallas Marriott website](#).

Dallas' musical versatility stems from the plethora of musical venues found in the city. The [House of Blues Dallas](#) features artists playing the best of rock and roll, blues, and more in an energetic club setting. Past artists have included world-renowned rock groups like Queens of the Stone Age and more eclectic acts, like Irish punk-rock group Flogging Molly. More rock, rap and blues music can be found in Dallas' Deep Ellum, a former warehouse district known for its night clubs. Well-known acts can be found at the Palladium Ballroom, which has featured artists like Billy Idol, Cake and more. The musically themed [Hard Rock Café](#) places patrons just blocks from the American Airlines Center, which hosts stadium style concerts for some of the biggest touring acts in the country.

For something a bit more refined, guests at the Dallas Marriott City Center can listen to the best in classical music at the Meyerson Symphony Center, home to the Dallas Symphony Orchestra. The DSO is regarded as one of the top symphonies in America and features famous classical soloists like Emanuel Borok and more pop-influenced musicians like Jim Birkman. The recently built AT&T Performing Arts Center is a state of the art performance hall that brings the best musicals, stage performances and more.

All of these venues are located just minutes from the Dallas Marriott City Center, making it the perfect destination to take the elevator home after a night on the town. Visitors should reserve one of the [Dallas Marriott Hotel's specials](#) and discover the growing Dallas music scene today.

About the Dallas Marriott City Center Hotel

This gorgeous Downtown Dallas hotel offers luxury accommodations and an ideal location in the vibrant Arts District. Guests at the Dallas Marriott City Center enjoy world-class entertainment, fine dining and exclusive shopping at Neiman Marcus' flagship store.
