

BITE BACK With USBedBugs.com!

Protecting Your Guests AND Your Reputation With Proven Bed Bug Protection And Prevention Products!

Early detection is the best protection!

Detect bed bugs BEFORE your guests do
with pesticide-free monitor and barrier solutions

1. Quickly check if bed bugs are present...

BB Alert Passive Bed Bug Monitor

- Place near each bed and monitor weekly
- Cuts inspection time to seconds a week
- Includes calendar grid to note inspection dates

2. Get an early warning of possible bed bug infestations...

BB Alert Active Bed Bug Monitor

- Attracts bed bugs before they reach the bed
- Instant heat pack lures bed bugs out of hiding
- Use after treatments to confirm success

Bedbug Beacon CO2 Active Monitor

- Use in the primary room and all adjacent rooms where bed bugs are suspected
- Around the clock monitoring before/after treatment
- Detects adults and nymphs to prevent spreading

3. Stop bed bugs from crawling up your beds & furniture...

- Reduces likelihood that guests will be bitten at night
- Discreet detection. You're guests won't know they're there!
- Helps stop spread of bed bugs to your other rooms

Pro-Active Prevention = Less Apprehension!

Stop the cycle of re-infestation
with these essential tools

4. Protect Your Bedding Investment...

Zippered Mattress & Box Spring Encasements

- 100% certified bed bug proof!
- Eliminates their favorite nesting place
- Significantly reduces inspection time

5. Steam-kill bed bugs and their eggs on contact...

Vapamore Steam Clean System

- Pesticide-free treatment of beds and furniture
- Kills all stages of bed bugs
- Also kills allergens, viruses, bacteria, mold and mildew

PackTite Portable Heating Unit

- Safely kills bed bugs from infested luggage and non-washable items.
- Heat treated, no chemicals needed!
- Brings peace of mind to guests who suspect bed bugs.

6. Isolate infested items during disposal/laundry...

- Avoid contaminating other areas when removing infested articles
- Just one stray bed bug during disposal can infest a much larger area!
