Care2Learn is the leader in online education for the post-acute healthcare industry.

## About Care2Learn

Led by veteran healthcare professionals with first-hand experience on the front lines of post-acute care, Care2Learn is the leading provider of convenient, comprehensive continuing education to the long-term health industry. We deliver high-quality, accredited online courses and in-depth inservices across the full spectrum of skilled nursing care, home care, hospice, assisted living, and rehabilitation venues.

## Premium Courses Developed by Experts

Our continuing education library is the largest in the industry, with more than 800 course hours covering 17 disciplines within the long-term healthcare industry. We offer over 400 courses authored by an exclusive team of 150 subject matter experts and presented in an easy-to-learn online format to help our clients meet state board requirements and professional organization obligations. In addition, we are continually integrating new industries and teaching technologies in order to expand our vast educational library.

## Setting the Standard for Superior Online Education

More than 190,000 long-term healthcare professionals choose Care2Learn each year as their education partner to help bolster their CE knowledge and enhance their personal and professional skills. Our customers represent a cross-section of the largest divisions in the long-term healthcare industry and include individual licensees as well as large, multi-unit facilities.

## A Commitment to Serving Our Clients

Care2Learn's obligation to our clients is not limited to our impressive course library and training features. We provide a full spectrum of educational services, including timely reporting to state licensing boards and professional organizations (where required) as well as a full-time staff of educational advisors to help our clients meet their individual needs. Partnering with Care2Learn provides a convenient, cost-effective solution to complying with industry requirements, reducing deficiencies, enhancing your knowledge and advancing your career.

## Our History

For nearly a decade Care2Learn has been a leading provider of online continuing education for the long-term healthcare industry. We have delivered more than 1.6 million hours of interactive online courses backed by the industry's only team of Educational Advisors. At Care2Learn our core focus is providing an exceptional client experience, and our enthusiasm and uncompromising integrity continue to set the benchmark. Our company is a three-time award winner of Tampa Bay's Best Places to Work and has been featured widely in hundreds of trade magazines, newspapers and industry journals.
