

Tess LED Light Bulb

EL-TESS

UL Listed

Weight: 4.5 oz.

Length : 4.2 in.

Width : 2.4 in.

Voltage: 100-120V AC, 200-240V AC

Amperage: 140mA (7W), 180 (9W)

UV/IR Radiation : none

The Tess LED Light Bulb is a bright, efficient LED bulb that is a direct replacement for both incandescent bulbs and CFLs, and offers the same brightness as a 40 or 60 Watt Incandescent Bulb, but uses less than 20% of the electricity. This UL-listed LED Light Bulb has an E26 base (the most common screw-base bulb, also known as E27), which means it will fit into almost any lamp, ceiling fixture, or spot light in your home or business where you would use a standard screw mount bulb. This LED bulb uses 5 Cree LEDs, so it's a cutting-edge fixture that's leading the revolution against carbon emissions and, with the Tess bulb (rated to last 50,000 hours), you can finally buy a bulb that lasts virtually a lifetime.

The Tess Bulb is available in warm white and neutral white color temperatures; while the warm white Tess 7W LED Light Bulb offers 450 lumens of brightness—equivalent to a 40W incandescent—the neutral white version emits 560 lumens, making it even brighter! Cree LEDs are known industry-wide as the brightest and most efficient LED chips available. This LED bulb is ideal for use in any room in the house, not to mention a retail store, restaurant, office—anywhere that requires a good old light bulb. The Tess gives you the same level and warmth of light as an incandescent or CFL at a fraction of the cost, and is even more efficient than a CFL.

Tess bulbs are UL-listed LED lights that also hold RoHS (Restriction of Hazardous Substances) certification, insuring that this bulb is not only energy-efficient but safe, as no environmentally harmful components were used in the process of manufacturing.

base type	color	color temp.	lumens	beam angle	power consumption	# of LEDs	equivalent to
E26 / E27	warm white	2700k	300	120°	6W / 110mA	5	30W
E26 / E27	neutral white	5000k	400	120°	6W / 110mA	5	30W
E26 / E27	warm white	2700k	450	120°	7W / 140mA	7	40W
E26 / E27	neutral white	5000k	560	120°	7W / 140mA	7	40W
E26 / E27	warm white	2700k	580	120°	9W / 180mA	9	60W
E26 / E27	neutral white	5000k	700	120°	9W / 180mA	9	60W
