

At its core, HeyKiki is a social platform connecting knowledge-seeking individuals with trusted local instructors and practice partners. With opportunities existing for both students and teachers in any activity ranging from sports and fitness to languages, music, and a myriad of creative and performing arts, HeyKiki has something to offer for everyone.

Who is Kiki?

- Kiki is our fun-loving activity monster who inspires us to pursue our interests. Embodying the spirit of life and representing enthusiasm, zest, and curiosity, Kiki promotes and encourages activity sharing on the site. [Click here](#) to say “Hey!” and see what Kiki is up to today!

Why HeyKiki?

- To Learn – Learning a new activity or skill
- To Practice – Improving upon your existing talents
- To Teach – Teaching local students in your area of expertise

Who is HeyKiki for?

- Individuals looking to learn any skill, sport, craft, hobby, or any other imaginable activity
- Teachers and Instructors looking to connect with new students
- Students and Instructors looking to connect with local peers and improve their skills

Benefits of being a HeyKiki member:

Students

- Trusted platform to easily find local teachers and activity instructors through our localization engine
- Review instructors' class postings and schedules
- Choose instructors and classes based on ratings and reviews from other members
- Connect with members in your neighborhood with similar interests to practice and improve your skill set
- Provide ratings and reviews for members you have engaged with in the HeyKiki network

Instructors

- Generate new income through referrals from HeyKiki's local community of activity enthusiasts
- Save money by posting your classes for free in the HeyKiki directory
- Make yourself easily accessible to a targeted audience through HeyKiki's social media channels and other class promotion features
- Connect with other professional instructors in your area to practice and keep your skills sharp

Features of HeyKiki's platform:

- Clean, user-friendly web interface
- Searchable network to learn, practice, or teach any activity in your area
- Create a profile within a community of local students and instructors to promote your self interests
- Post a class or find one that interests you
- Post a practice buddy listing to connect with members who share the same interests in your area
- Rate and review instructors' classes
- Communicate with members using the internal messaging system
- Take advantage of HeyKiki's social media channels
