FAIRWAY VINYL SYSTEMS LIMITED LIFETIME WARRANTY REGISTRATION PROCESS:

Warranty registration can be accomplished electronically by visiting www.fairwayvinyl.com and registering within thirty (30) days after completion of installation of products in order for purchaser to be eligible for coverage under warranty terms. NOTE: PROOF OF PURCHASE IS NECESSARY TO EXERCISE CLAIMS AND REMEDIES FOR ANY OCCASION. PLEASE SAFEGUARD ACCORDINGLY.

ABOUT US

Fairway Vinyl Systems is an established and recognized international manufacturer of high-quality alternative building products. Fairway's core belief is providing a superior product with unmatched customer service to our dedicated distribution and dealer network, resulting in unmatched value and selection for you, the consumer.

Suitable for decks, porches and balconies in residential or commercial applications, its no wonder FAIRWAY is the railing system of choice and known as "THE TRUE COMPLETE SYSTEM".

Fairway's Railing Systems have been tested to the prevailing ICC (International Code Council) standards and requirements for both IRC (Residential) and IBC (Commercial) applications, as certified by an IAS recognized and ANSI certified laboratory, and those current and applicable reports, including any limitations, may be viewed by visiting www.archtest.com. Fairway Vinyl Systems are backed with a Limited Lifetime Warranty.

Vinyl Railing

Fairway Vinyl Railing is manufactured to the standards outlined in ASTM F964 and has been tested according to AC-174 criteria and is approved to meet the requirements for Guardrails as outlined for pertaining IRC (Residential) and IBC (Commercial) applications as documented in the Code Compliance Research Report, CCRR-0153.

Masters

Fairway Masters Vinyl Balustrade is manufactured to the standards outlined in ASTM F964 and has been structurally tested to meet requirements for Guardrail installations as outlined for pertaining IRC (Residential) and IBC (Commercial) applications as documented.

Grand View

Fairway Vinyl Railing is manufactured to the standards outlined in ASTM F964 and has been structurally tested to meet requirements for Guardrail installations as outlined for pertaining IRC (Residential) and IBC (Commercial) applications as documented.

Composite Railing

Fairway Composite Railing has been tested according to AC-174 criteria and is approved to meet the requirements for Guardrails as outlined for pertaining IRC (Residential) and IBC (Commercial) applications as documented in the Code Compliance Research Report, CCRR-0110.

Fairway Vinyl Systems is not responsible for typographical errors. Pricing subject to change. Always check with your local building code before starting any project and follow all safety precautions.

Substrate Engineered with Fibrex® Material

Available in:

Easy to Install

PATENT PENDING BALUSTER CLIP

Snap in place design insures a secure, spin free installation in minutes. Baluster clips are designed for both level and stair applications.

20 Year
Limited
Warranty

Fibrex® Material Benefits

- Substrate material is engineered with patented Fibrex® material for superior core properties
- Environmentally beneficial use of pre-consumer reclaimed wood fiber
- Fibrex® material combines many of the best properties of wood and PVC while moderating the extreme properties of both
- Excellent wear resistance and low thermal conductivity
- Low moisture absorption
- Proven dimensional stability through a wide range of temperatures

Fibrex® is a trademark of Andersen Corporation.

Fx2 COMPOSITE RAILING

WITH ALUMINUM BALUSTERS OR GLASS BALUSTERS

KIT INCLUDES:

- 1 - Fx2 Composite Top Rail
- 1 - Fx2 Composite Top Sub-Rail
- 1 - Fx2 Composite Bottom Rail
- Round Aluminum Balusters-
16 per 6' Kit • 22 per 8' Kit
- 2 - Top Rail Connector Brackets
- 2 - Bottom Rail Connector Brackets
- 1 - Foot Block
- Baluster Connectors

The structural integrity of the Fx2 composite rail system requires no aluminum.

KIT INCLUDES:

- 1 - Fx2 Composite Top Rail
- 1 - Fx2 Composite Top Sub-Rail
- 1 - Fx2 Composite Bottom Rail
- Glass Balusters-
Level - 9 per 6' Kit • 12 per 8' Kit
Stair - 8 per 6' Kit • 10 per 8' Kit
- 2 - Top Rail Connector Brackets
- 2 - Bottom Rail Connector Brackets
- 1 - Foot Block
- Baluster Connector Shoes

The structural integrity of the Fx2 composite rail system requires no aluminum.
