

1:7 Blu-ray/DVD/CD Tower Publisher SLS™

Product Features

- Standalone operation
- Up to 7 simultaneous Blu-ray/DVD/CD copies or clearly labeled DVD/CD discs
- Removable 1 TB Hard Disk Drive to store disc images and label files
- Drag and Drop files from PC to Hard Drive in the publisher
- Duplicate from ISO image files, NRG image files, or even directories and files not packaged into a disc image file*
- Aleratec hotkeys for one touch access to common functions
- Blu-ray multidrive reader for fast, on-the-fly copies
- Laser etched high-quality DVD/CD disc labels with no ink cartridges, toner or ribbons

Standalone LightScribe Disc Publishing

The Aleratec 1:7 Blu-ray/DVD/CD Tower Publisher SLS is a standalone LightScribe disc publishing system that simultaneously produces up to 7 Blu-ray/DVD/CD copies or 7 clearly labeled DVD/CD discs with no computer required. Its USB 2.0 connection allows you to drag and drop files from your PC directly to its internal hard drive. For on-the-fly jobs, a separate Blu-ray multidrive reader lets you bypass the hard drive and do convenient disc-to-disc copies. Unlike many other duplicators, this unit supports duplication from a variety of source formats, including simply copying your contents onto the internal HDD without creating an image file.*

* Duplicating from folders on the Duplicator HDD is only supported for CDs and DVDs.

1:7 Blu-ray/DVD/CD Tower Publisher SLS™
