

SECURITYPLUS DYNAMICS RMS iPAD INTEGRATION

Never Store Cardholder Data! Get Tokenized!

Prevent personal cardholder data breaches without compromising the speed and convenience of your cardholders' financial transactions with our new secure RMS integration.

- **\$150,000 Security Breach Guarantee**
- **Reliable Encryption Hardware**
- **Tokenization**
- **Integrated Credit Card Processing (Auto Settlement)**
- **Reduced Costs for Transaction Processing**
- **Virtual Terminal in the Cloud**
- **Free Gift Card Processing**
- **Real-Time Reporting Gateway**

The iPad SC encrypts cardholder data when the card is swiped!

Tokenization can help you eliminate the need to store sensitive cardholder data after authorization. This may be able to reduce the scope, risks and costs associated with ongoing compliance with the Payment Card Industry Data Security Standards (PCI DSS) compliance.

New West Technologies partnered with Payment Processing, Inc. (PPI) to bring you the RMS Secure Plus solution. Powered by PPI PayMover® - a PCI compliant Internet-based payment gateway - RMS Secure Plus provides you with the latest in data security and all the time- and money- saving benefits you receive from an integrated payments solution from PPI.

SECURITYPLUS DYNAMICS RMS SYSTEM

Credit and debit transactions are easier and faster, and with your "virtual terminal," you can receive real-time reporting online.

Encryption Technology

The iPAD SC immediately encrypts data at the point of swipe so your customer data is rendered useless with cyber thieves!

Tokenization can be implemented in isolation or in concert with data field encryption to help merchants eliminate the need to store sensitive cardholder data after authorization. Entities that properly implement and execute a tokenization process to support their payment functions may be able to reduce the scope, risks and costs associated with ongoing compliance with the Payment Card Industry Data Security Standards (PCI DSS) compliance.

Integrated Payment Processing

Now you can enter credit card information directly into RMS– no more manual entries into two separate systems! This auto settlement feature saves you time, money, and counter space (eliminate bulky terminals and extra printers).

PPI Services Just for RMS Secure Plus Users

- PCI Compliance Program for Businesses with Breach Guarantee. For a low annual fee, this optional service offers PCI DSS compliance. Qualify and you may be eligible to be reimbursed up to \$150,000 by PPI for forensic reviews, fines and card re-issuance costs resulting from a card data breach. Visit www.paypros.com/ds/merch.asp.
- FREE 24/7/365 support – Make one phone call for all your payment processing needs – no more bouncing between vendors.
- FREE detailed pricing analysis with price match guarantee. Find out what you pay now versus what you will pay with PPI. They'll meet or beat your current rates or you get a \$50 gift card.*

* If PPI cannot meet or beat the merchant's effective rate, only one \$50 gift card is awarded per merchant, not per location. Businesses outside the U.S. do not qualify.
