**A Unique Web Portal with a
Solar Thermal Focus**

About *solarthermalworld.org*

Hosted by the Global Solar Thermal Energy Council (GSTEC), the website is a collaborative platform between industry, research institutions and NGOs. The website is funded by the International Copper Association (ICA), the United Nations Environment Programme (UNEP) and the United Nations Development Programme (UNDP), in the framework of the Solar Water Heating Market Transformation and Strengthening Initiative

Direct Access to Solar Heating and Cooling Information

Follow us via your preferred social media network

Contact us via email

Receive all *solarthermalworld.org* updates directly through RSS feeds

Subscribe to the monthly newsletter

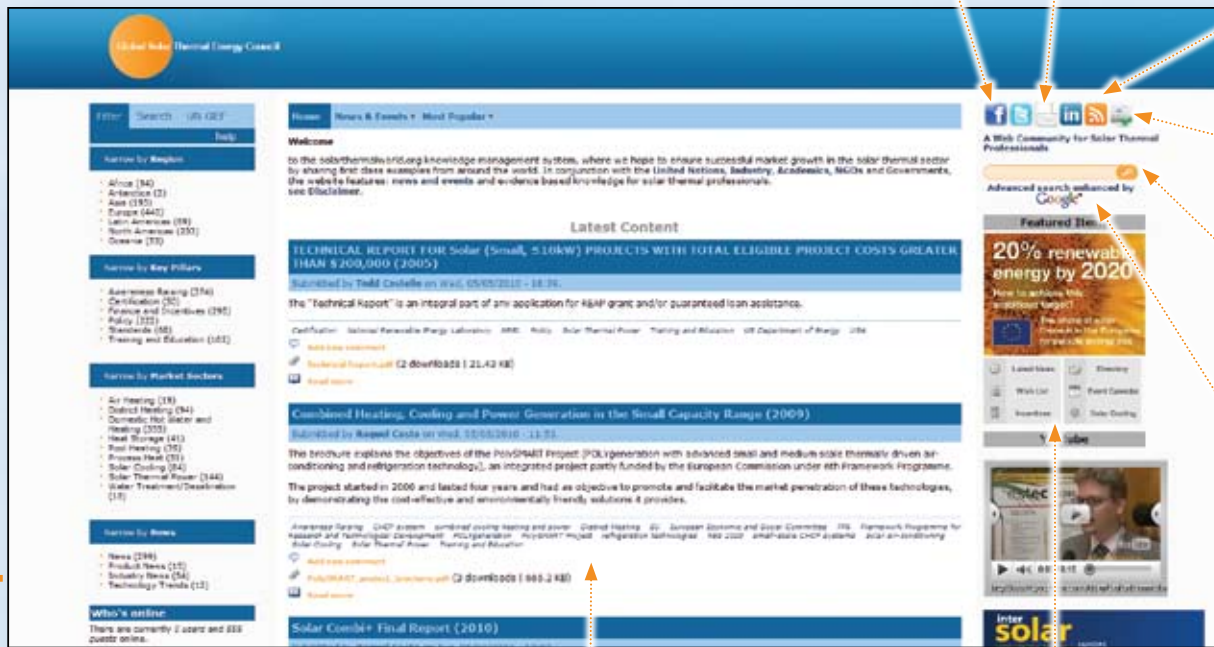

Search for information on the website

Use the Google Advanced Search Function to search for information on other solar thermal related websites

Quick links will direct you to different sections of the website

The main part of the website is the news and research articles available on the homepage. These can be searched using the filter on the left hand side of the website, which narrows the information down by:

- Region
- Key Pillars
- Market Sectors

Latest Content includes the most recent published articles and news

Narrow by Region
• Africa (94)
• Antarctica (2)
• Asia (193)
• Europe (440)
• Latin Americas (69)
• North Americas (233)
• Oceania (53)

Narrow by Key Pillars
• Awareness Raising (374)
• Certification (50)
• Finance and Incentives (295)
• Policy (222)
• Standards (68)
• Training and Education (102)

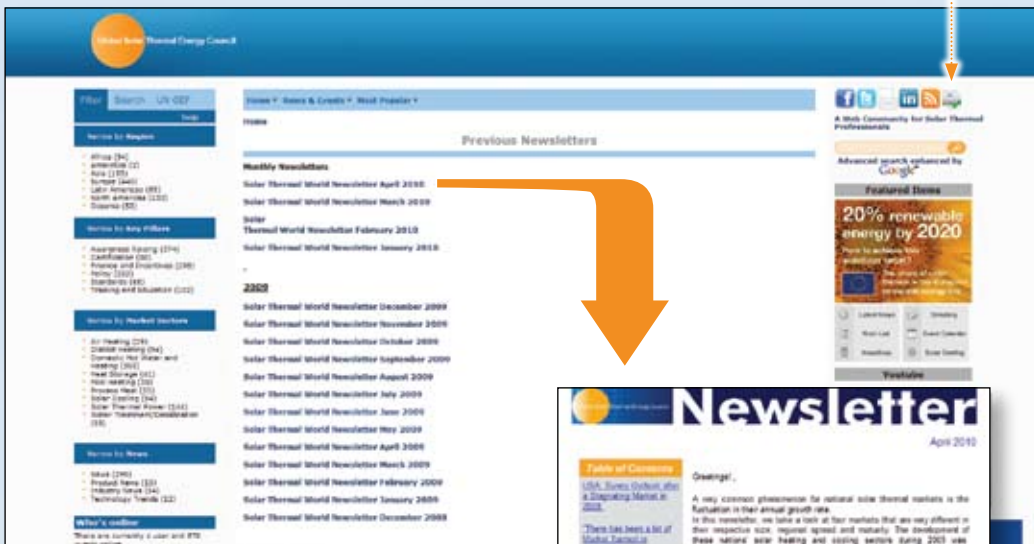

Narrow by Market Sectors
• Air Heating (19)
• District Heating (94)
• Domestic Hot Water and Heating (388)
• Heat Storage (41)
• Pool Heating (35)
• Process Heat (51)
• Solar Cooling (84)
• Solar Thermal Power (144)
• Water Treatment/Desalination (18)

Solar Thermal World Newsletter

A Monthly Summary of Latest Solar Heating and Cooling News Around the World

Here you can subscribe to the free-of-charge Newsletter

Archive of all Newsletters available on the website

Solar Thermal World Newsletter is released once a month to a fast growing database of global contacts. Thematic Newsletters are sent occasionally

The Newsletter includes news sent by our journalists and contributors from all continents

Incentive Database

Get Further Insight in the Various Support Schemes All Over the World

Detailed information about different incentive schemes is available, together with links to the official websites in each country

Name of the programme and link to more detailed information about the programme

Link to the official website of the agency providing the incentive

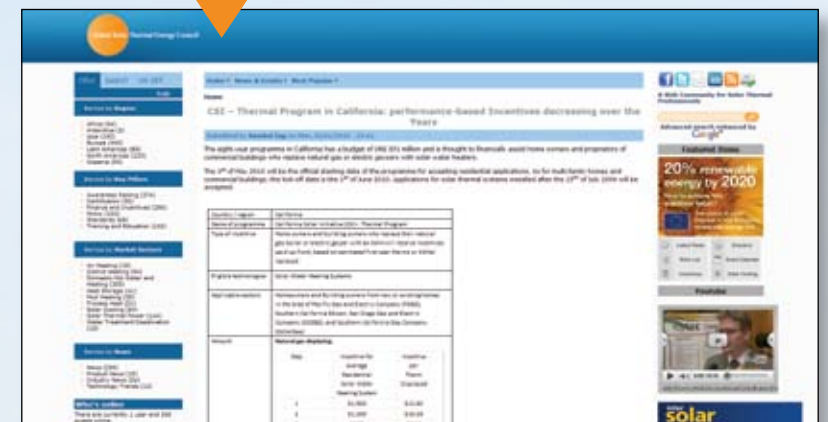

Table with detailed overview of the incentive programme, including information about:

- Eligible Technologies
- Applicable Sectors
- Requirements for Systems
- Finance Providers
- Duration
- Contact Person or Institution

EU RES Directive

The Implementation of the EU Directive on Renewable Energy Sources (EU RES 2020)

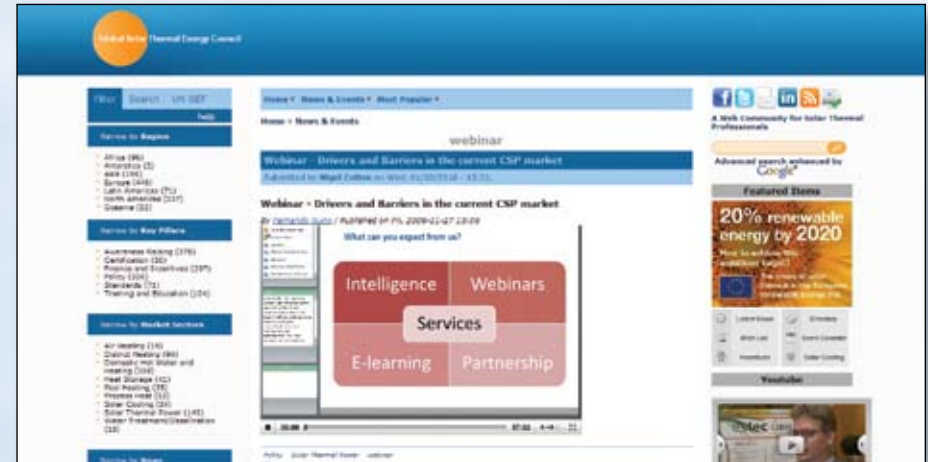

In collaboration with ESTIF, solarthermalworld.org has created a special section on the website on the implementation of the EU RES Directive

Webinars

solarthermalworld.org organises free-of-charge thematic webinars with solar thermal specialists

The webcasts of all webinars can be seen at the website

Partnerships and Sponsorships

Interested in promoting your solar thermal event, project, or company?

Get in contact with the solarthermalworld.org team (gstec@kelleneurope.com) on the sponsorship and partnership possibilities

This special section of the website provides up-to-date information on the state of play of the drafting of the National Renewable Energy Action Plans

Information on the solar thermal targets set by selected EU Member States can also be found
