MetaOption, LLC becomes an Adobe Silver Partner

This partnership validates MetaOption's objective: to be a leading technology provider of Adobe technologies, including ColdFusion, Flex, Flash, and InDesign/InCopy/Photoshop plug-in developer.

Jersey City, NJ (Feb 11, 2011) – MetaOption, LLC is proud to announce that Adobe Systems Incorporated has designated MetaOption, LLC an Adobe Silver Partner. Membership in the Partner Program is made eligible to companies that provide solution-based products that utilize an Adobe platform.

Since 2005, MetaOption LLC has been providing solutions around various Adobe related products like Adobe ColdFusion, Adobe Flash, Adobe Flex, Adobe Forms and LiveCycle; and plug-in development to tools like Adobe InDesign, Photoshop and InCopy.

For several years, MetaOption has specialized in developing solutions around Adobe products for its customer base. Our clients come from various continents including the USA, Europe, and Australia. We serve industry verticals and boutique service companies in Finance, Healthcare, Government, Media and Publishing and Entertainment.

Our major Adobe related projects have included to date:

1. Web Application Development using **ColdFusion, CFC** (ColdFusion Components), **Granite**, Cairngorm, **FuseTalk** technologies with Oracle, MySQL and SQL Server backend
2. **Flash/ActionScript** based application and game development
3. User Interface Development using **Adobe Flex**, **Adobe Air**, **Web Services**, Databases, **InDesign Server** Integration
4. Adobe Forms Development using Adobe Acrobat and LiveCycle
5. Plug-ins development for **Adobe InDesign**, **InCopy**, **Photoshop**, **Acrobat**

Adobe ColdFusion technologies we have been working with:

1. ColdFusion 8/9
2. ColdFusion AJAX
3. ColdFusion ORM
4. ColdBox Framework

5. ModelGlue + ColdSpring
6. Custom MVC
7. ColdFusion with Flex & Java components
8. JavaScript / jQuery
9. RDS service
10. Google Adwords CF APIs
11. Fusetalk Forums 3.2, 4.0

About MetaOption, LLC
