A universe of learning for coders

Get Expert Guidance and Cutting-Edge tools for Accurate, Denial Proof Claims from SuperCoder.com

SuperCoder.com is a robust online platform that provides coding education and opportunities to help coders ensure that every claim is error-free, every documentation process is fool-proof, and every dollar claimed is reimbursed. Owned by The Coding Institute, SuperCoder.com is powered by coding veterans, so you get expert advice you can trust at the click of your mouse.

Log on to www.supercoder.com now for a free demo!

Customizeable subscription options allow you to choose only what you need.

➡ Fast, online searches of 3 Codesets: CPT®, ICD-9, and HCPCS — plus modifiers

➡ Access to an online library of content from any 1 Specialty newsletter of your choice.

➡ CCI Check: End your compliance worries.

➡ Fee Schedule: Find fees calculations, global information, and modifier guidelines.

➡ Survival Guides: Ramp up on the latest changes.

➡ CMS tracking for the next generation: Locate CMS transmittals, MLN Matters articles, and Medicare Claims Processing Manual entries.

➡ Opportunities for 35 continuing education units (CEUs) from the American Academy of Professional Coders

➡ Forums: Specialty-specific coding and billing discussion groups.

Plus, ICD-9-CM CrossReference Tool: The new "ICD-9-CM CrossReference" tool will provide you list of supporting ICD codes indicating the medical necessity for any CPT procedure code.
