

Don't Let Confusing Medical Jargon Cripple Your Reimbursement!

Fight Back with Stedman's Electronic Medical Dictionary - Now Available on SuperCoder.com

Physicians lose \$1 Billion every year on coding mistakes. And, cryptic medical terminology is often where the trouble begins. Fortunately, SuperCoder.com offers a simple solution for deciphering your chart notes - *Stedman's Electronic Medical Dictionary*.

With *Stedman's Electronic Medical Dictionary* on your side, you don't have to have a medical degree to accurately portray your physician's services.

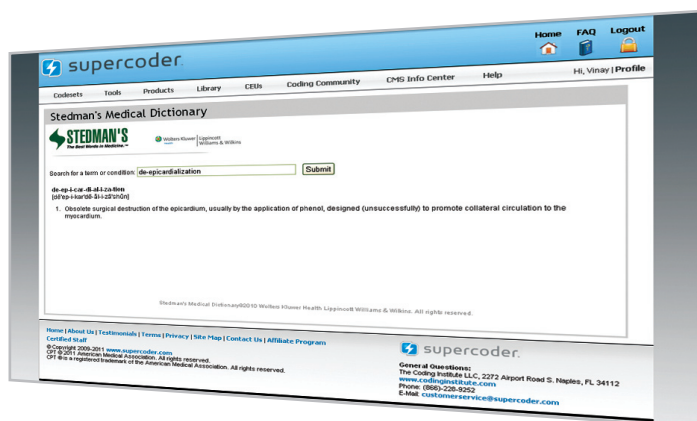

How it works

Just type in any medical term or condition and you'll instantly get plain-English definitions to help you accurately decipher your physician's documentation. Your claims will be more precise, profitable and less likely to invite scrutiny from RACs.

Why Every Coder Needs *Stedman's Electronic Medical Dictionary* from SuperCoder.com:

Stedman's Medical Dictionary is the most trusted, comprehensive medical terminology resource available. Here's why 1,000's of your colleagues are true believers:

- ▶ More than 107,000 terms, including 5,000 new terms, are defined by the most trusted name in medical references.
- ▶ Expanded definitions of more than 150 high-profile terms deepen your understanding of their meaning and usage.
- ▶ Quick access to thousands of medical conditions, medications, anatomical terms, procedures, and much more.
- ▶ Plus: Decode your physician's handwriting by just typing in the first few letters of a term!
