

Give Denials the Boot with **SuperCoder.com's** SuperScrubber for Physicians!

SuperCoder.com's SuperScrubber helps you and your organization decrease denials, optimize reimbursement, and ensure coding compliance before you submit your claims.

This powerful claim-scrubbing tool is completely web-based and always up-to-date on the latest coding requirements including:

- ▶ ICD-9 Volume I - Tabular listing
- ▶ ICD-9 Volume II - Index to Diseases
- ▶ Current Procedural Terminology CPT®
- ▶ CPT® Modifier Guidelines
- ▶ Healthcare Common Procedure Coding System HCPCS Level II
- ▶ HCPCS Level II Modifiers
- ▶ Medical Necessity crosswalk that matches your diagnosis codes to the procedures they justify
- ▶ List of codes on the denied list for each diagnosis or procedure code
- ▶ National & Local Coverage Determinations
- ▶ Medicare contractors by state
- ▶ NCCI Bundling/Unbundling Edits
- ▶ National Physician Fee Schedule - Relative Value Units, Global Surgery

How it works

Just input your CMS 1500 data to instantly identify mistakes that could send your claims bouncing right back such as missing dates of service, invalid date of birth, ICD-9/CPT® mismatches (based upon Medicare, age, sex, inpatient, outpatient and the latest CCI edits) and applicable code sets based on the date of service/admission.

The **SuperCoder.com** SuperScrubber goes a step beyond just identifying potential denial triggers. Each problem is color coded and ranked according to the severity of the coding mistake to help you immediately spot potential problems.

Supercoder.com's SuperScrubber will help you sniff out denial and audit triggers by evaluating your claims on 4 key criteria:

- ▶ Encounter-wide Edits to verify the accuracy of your encounter's demographic.
- ▶ Code Specific Edits to ensure that your claim meets with the latest coding edits and updates.
- ▶ Automatic Crosswalk to verify that your procedures are supported by the appropriate diagnosis code.
- ▶ Modifier Check to guarantee that every claim is compliant with the latest CCI Edits

And, there's more! **SuperCoder.com's** SuperScrubber helps you pinpoint often overlooked CPT®/HCPCS codes to help you ethically maximize your reimbursement.

Secure & Convenient:

- ▶ 100% HIPAA compliant.
- ▶ Encrypted for ultimate security.
- ▶ Web based, real time individual inputs or batch submitting with error report results in seconds.
- ▶ Accepts CMS-1500 (physician) and UB-04 (facility) claims.
