

LIGHTWEIGHT FLEX-FRAME™

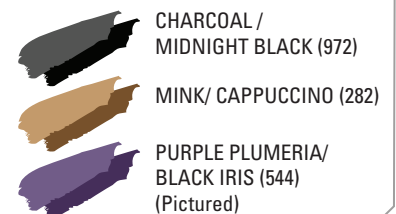

EXPANDABLE TWO COMPARTMENT PACKING

ERGONOMIC HANDLE SYSTEM

COLORS AVAILABLE

- Full-sized polypropylene honeycomb Flex-Frame™ is superlight, durable and flexes back after impact.
- Ballistic woven Terylene fabric is tough and long wearing.
- Expandable two compartment system provides maximum packing flexibility. Use the second compartment with the padded tie-down strap to pack suits or dresses, or use it to separate your soiled clothes from clean ones.
- Ergonomically designed locking handle system, in its own zippered pocket, is made of high grade aluminum and steel for reliability and ease of use.
- Add-a-bag strap on 21"/25"/28" cases lets you easily transport an additional bag.
- Smooth rolling inline skate wheels with durable steel ball bearings provide easy movement.
- Removable water resistant pouch in both the 25" / 28" Uprights; 3-1-1 kit is included in the 21" WAB.
- Limited 10 year warranty
