

Introducing the InvestingAnswers Free Mobile App -- A Premier Mobile Resource for Investors

AUSTIN, Texas -- March 11, 2011 – InvestingAnswers is excited to announce that the new [InvestingAnswers mobile app](#) is now available for the iPhone, iPod Touch, iPad and Android devices.

By downloading this **FREE mobile app**, you can get unlimited access to InvestingAnswers' valuable investing resources from anywhere in the world.

Because investing can seem complicated, risky and intimidating, we do everything possible to explain important investing topics in simple, easy-to-understand language.

With the free InvestingAnswers mobile app, you'll get instant access to:

- **Fresh Content -- Hundreds of entertaining articles, intuitive features and educational tutorials** covering active trading, fundamental analysis, international investing, income investing, bonds, and much more! You will always find something new and interesting to read.
- **Valuable Resources -- The industry's most investor-friendly financial dictionary** has over a thousand terms covering personal finance, bonds, laws & regulations and real estate & mortgages. More definitions are being added every day!
- **Quality Coverage -- We deliver more value than other free apps.** Our writers and analysts use their extensive track records to boil down in-depth research into hundreds of free articles, educational tutorials and definitions -- illustrating how concepts work and why they matter to you.

[Download the InvestingAnswers mobile app](#) for the iPhone, iPod Touch, iPad, and Android device today for immediate access to a steady stream of investing education and market commentary. This free mobile app – developed by Digital Kozak -- requires iOS 3.0 later for Apple devices.

About InvestingAnswers

[InvestingAnswers'](#) mission is to help individual investors build and protect their wealth by providing a comprehensive and 100% free educational website. Our #1 goal is to provide our readers and subscribers the highest quality information on investing.

By providing a wholly independent and unbiased source of information, InvestingAnswers has become one of the premier educational resources for investors around the world. Our team of

writers and experts has worked as financial advisors, senior analysts on Wall Street, investment relations presidents, and business reporters for major newspapers. Every day they compile their in-depth research into the **hundreds of free articles and educational tutorials** available on our website: www.investinganswers.com.

About Digital Kozak

Based in Austin, Texas, [Digital Kozak](#) provides full service software solutions for companies or individuals interested in web design and a wide range of software development needs.
