

## **Iris Data Services Expands China Facilities Leading Litigation Support Company Moves to New Offices in Nanjing**

**NANJING, CHINA, March 21, 2011** — Iris Data Services, a leading provider of litigation support, announced today that it has moved to a new location in Nanjing, China, 284 Zhongyang Lu, Suite 388, Nanjing, Jiangsu 210005, phone: +86 136-1151-2067. This location will be a full eDiscovery and computer forensics production facility. Iris Data Services is a leading supplier of discovery solutions including eDiscovery, computer forensics, attorney document review, and online hosting.

“Our expanded operation in mainland China gives Asian-Pacific law firms and corporate legal departments a powerful local discovery resource,” said Damon Goduto, Iris’ Vice President of Sales. “And this new facility will continue to provide our worldwide customers more capacity and faster turn around times on their projects.”

“Our clients are facing increasing demand for faster discovery, especially in Asia,” said the president of Iris, Major Baisden. “This larger facility gives Iris room to grow our international operations and help clients meet their demanding deadlines. Our global customers will experience an immediate increase in our production capacity.”

### **About Iris**

Iris Data Services is a leading supplier of discovery solutions including eDiscovery, computer forensics, document review, and online hosting. Lead by recognized industry experts in electronic discovery, Iris streamlines the eDiscovery process for corporate legal departments and law firms. Iris’ online hosting solutions make document review more efficient for legal teams and less costly for their clients. Iris’ discovery experts, project management team, and use of technology have combined to make it one of the fastest growing companies in the industry. Iris is headquartered in Kansas City and maintains offices throughout the United States, Australia and Asia. For more information about Iris, please visit [www.irisds.com](http://www.irisds.com).
