

Majestic
DUDE RANCH
Lake Mancos Ranch

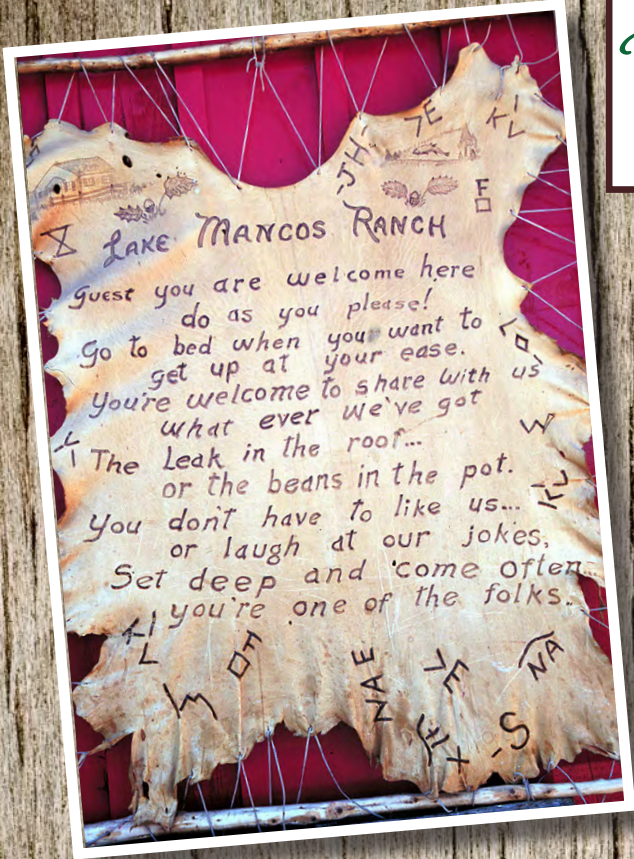

An Unforgettable Mountain Retreat

WELCOME

The Majestic Dude Ranch has been a family-owned and oriented operation since 1956, nestled high in the pristine wilderness of the San Juan Mountains and just 35 minutes from Durango, CO.

Welcome to our Ranch. We want you to consider it your home in the mountains.
Your ranch hosts:
The Bucksbaum family

WELCOME

ACTIVITIES

Whether it's riding horses or mountain biking from our experienced guides, fly fishing, cattle roundups and team penning, swimming or just relaxing, we've got you covered.

Additional activities include baseball/softball on our own field and batting cage, volleyball, ping pong in our recreation area, gold-panning, hay rides, dancing or catching an evening movie under the stars.

ACTIVITIES

FAMILY PROGRAMS

Our children's programs are tailored for different age groups from Little Wranglers to Buckaroos to Mavericks and are guaranteed to leave kids of all ages satisfied.

From our location at 8,000 feet, you can ride the most beautiful horse trails in Southwest Colorado. We have over two million acres of National Forest to explore and offer several levels of guided rides that cater to any type of visitor.

COUNSELORS

Counselors are all-day, hands-on mentors for the kids that are dedicated to teaching the kids while having all the fun they can handle.

You have the choice of being with your kids throughout the day or seeing them maybe a few times in passing.

PLACES TO EXPLORE

WHAT MAKES US UNIQUE

The Majestic Dude Ranch is committed to making your experience as unique and memorable as possible and it's the combination of our world-class facilities and staff along with our personal hospitality that makes us stand out.

For example, we'll find out what your favorite snacks and drinks are before you visit so that the fridge in your room can come fully stocked with them.

We are the only dude ranch in the world with its own baseball/softball field and batting cage.

Guests receive a full-suspension mountain bike along with your own horse (and experienced guides) to cover the spectacular trails. Don't have any boots? We have a pair you can borrow.

WHAT MAKES US UNIQUE

ACCOMODATIONS

ACCOMODATIONS

We offer flexible lodging choices that work well for families as well as single guests - from our newly renovated ranch house rooms to our two and three bedroom cabins, of which we have 17 on site.

All cabins and guest rooms have King size Tempur-pedic mattresses in master bedrooms, front porches with rocking chairs, refrigerators (we'll even stock them with some of your favorite snack and drink items) and, of course, daily maid service.

We have wireless internet available throughout the ranch and cell phone reception (despite the remote location) is excellent in our facilities and the surrounding areas.
