

Looking for an online CE learning system that is faster, smarter, and easier to navigate?

## LOOK NO FURTHER!

We are pleased to announce the *NEW*

# APNA eLearning Center

### FEATURES

*Our new and improved system for online continuing education enables you to:*

- Order any of APNA's online programs all in the same place
- Access your previously ordered eLearning content in My History
- Keep a record of your progress with each session you've ordered
- Earn and use **BONUS POINTS** to "purchase" eLearning content
- Search within a content type (like CPI Online or Annual Conference Archives) or across offerings to find information that is relevant to your continuing education needs.

### WHAT ARE BONUS POINTS?

- A newly-added member benefit, bonus points are used in the APNA eLearning Center to "purchase" content.
- Awarded for APNA membership, attending conferences, participating in committees or activities, etc.
- Each grouping of bonus points is awarded electronically and will automatically appear on the eLearning Center in your account.
- The section on the site called My eLearning Bonus Points gives a breakdown of the bonus points you have available – bonus type, number of points, expiration, and eligible content.

*Based on the type of bonus points, they will have differing levels of eligibility and expiration.*

- 1 Bonus Point = \$1.00

## Happy 25 Years, APNA!

**In lieu of birthday cake, we are giving every APNA member 25 bonus points in the APNA eLearning Center.**

### But this isn't only for APNA's 25th Anniversary...

25 bonus points will be added to your account each year when you renew from now on!

Just log into the eLearning Center and you will see your Join/Renew benefit of 25 bonus points listed in your account.

These points are eligible to use for *any session on the site*, and won't expire until your membership expires each year.
