INTENDED USE:

Hiking, backpacking, walking, and running on steep, rough, or rocky terrain to help prevent paw damage. Also for traction on slippery surfaces. Non-marking sole is safe for indoor and nautical use.

KEY FEATURES:

- Non-marking Vibram® outsole with new lug design provides traction and enhanced flexibility
- Adjustable closure strap customizes fit
- One piece mud guard enhances fit and long-term durability
- 3M reflective details provide visibility from multiple angles
- Tightly woven air mesh keeps dirt and debris out while providing superior ventilation
- Knew-tec synthetic pigskin grip cuff helps keep boots on paw
- Research-based design and appropriate cuff height allow boots to fit a full range of paw sizes
