

## Press Release

### For Immediate Release:

### Dyslexia Friendly Spelling Game Sponsored by STAR Technology Solutions

STAR Technology Solutions announced today their sponsorship of [SpellingRules.ie](http://SpellingRules.ie) a free online game to help dyslexic children improve their spelling.

**Dublin, Ireland April 08, 2011**

Developed by [Claire McNelis](#) a Digital Media graduate in Galway, “Spelling Rules” was created as an online game that would teach spelling rules in a way that was simple and accessible for dyslexic people without being too academic.

STAR Technology Solutions the translation agency is proud to announce that it has sponsored the game and made the [free game](#) available online.

Site : <http://www.star-ts.com/spelling-rules.shtml>

With close to 10 years experience providing professional [translation services](#) from its offices in Dublin STAR is delighted to be able to help Claire with the advancement and promotion of the game.

Paul Quigley Director of STAR speaking on behalf of the company states,  
*“Being dyslexic myself I see the great benefit this game can bring. As part of our investment in Corporate Social Responsibility it’s great to be able to give something back that genuinely solves a problem I can associate with. “*
