

Know it. Own it. Use it.

### Ensure 21<sup>st</sup> Century Success

75% of business executives say that crucial **critical thinking and information literacy skills** will become even more important in the next three to five years.

#### Will your students be ready?

As students work to complete their assignments in igotta, the resources and tools built into the 21<sup>st</sup> century workspace help students learn to:

- Think** creatively
- Make** judgments and decisions
- Communicate** clearly
- Access** and evaluate information
- Use** and manage information
- Create** media products
- Apply** technology effectively
- Manage** goals and time
- Work** independently
- Produce** results

### Elevate Student Productivity

With igotta, students **spend less time** searching for resources and keeping track of all the pieces of an assignment.

- ! Single sign-on, completely accessible from netTrekker Search.
- ! 24/7 web-based access lets students start work at school and jump in where they left off when they get home.
- ! One integrated solution for finding content and completing projects and assignments.

### Use Standards-Aligned Resources & Tools

**Quickly and easily find resources and utilize technology tools** that directly support the required standards.

- ! Seamless access to over 300,000 standards-aligned digital resources in netTrekker Search.
- ! The note taking, citation, outline, timeline, document and presentation tools help teach important research, writing, critical thinking and information literacy skills.

### Optimize Project-Based Instruction

Spend **more time on teaching** content and skills.

- ! The components in the workspace provide the framework and guidance for independent project work.
- ! 24/7 access enables students to manage their own projects and work.

### Strengthen the Value of Your Technology Investment

When you integrate igotta with netTrekker Search, you:

- ! **Maximize student and teacher productivity** and usage of your district's technology solutions.
- ! **Minimize the frustration** of managing multiple products, subscriptions and logins.
