## **4th Annual Chair Summit** *The Master Class for Neuroscience Professional Development*

The **4th Annual Chair Summit** is an intensive 3½-day master class in a variety of tracks related to the neurosciences. Each track features presentations delivered by department chairs from the United States' most renowned academic institutions.

Take part in evidence-based education in a way that will allow you to immediately translate it into clinical practice. Absorb performance-enhancing knowledge as only the leading clinicians, academicians, and researchers from the field of neuroscience can deliver it.

**Join the most respected names in neuroscience as they convene for this can't-miss educational event.**

This activity will be CE-certified for physicians, nurses, pharmacists, psychologists, social workers, and case managers.

### **Fees:**\*

## The Master Class for Neuroscience Professional Development

PAGE 2 OF 3

### ACTIVITY GOAL

To collaboratively evaluate evidence, engage in peer-to-peer learning, and apply evidence to practice to develop individualized management strategies for improved outcomes for patients with psychiatric and neurologic disorders.

### LEARNING OBJECTIVES

- Integrate the latest research and clinical data in psychiatric and neurologic disorders and translate into daily clinical practice.
- Engage in discussion with experts and colleagues about clinical challenges in your practice and apply new insights and data to improve measurement-based patient care.
- Develop a personal action plan that integrates 3 new evidence-based concepts that will improve clinical performance and patient outcomes.

### TARGET AUDIENCE

Physicians, physician assistants, nurse practitioners, nurses, social workers, certified case managers, pharmacists, psychologists, and other healthcare professionals with an interest in mental health.

### FINANCIAL SUPPORT

The sleep-Wake Disorders Track for this activity is supported by an educational grant from UCB. USF Health and CME Outfitters, LLC, gratefully acknowledge an educational grant from Genentech in support of this CE activity.  
*Additional support to be announced.*

# 4th Annual Chair Summit

## The Master Class for Neuroscience Professional Development

### DIVERSE AND ACTIVE LEARNING FORMATS

#### Plenary Sessions

Interactive presentations featuring faculty chairs discussing recent advances in evidence-based research and clinical practice.

#### Chart Review Sessions

Introduced in 2009, the interactive chart review sessions received rave reviews from participants and Chairs alike. The Chart Reviews provide an opportunity to interact with faculty in small groups to discuss barriers to care, application of the case to their own clinical practice, and the development of key clinical takeaway points for each complex case. A lunch-time session will feature a presentation by each Chart Review Leader to share the best practices to the entire group so that all attendees can learn from the best practices developed.

#### "Ask the Chair" Breakout Sessions

Featuring faculty chairs discussing real-world topics such as cultural differences, access to care barriers, ethics, and development of treatment teams.

#### Community of Practice

Featuring a discussion of how clinicians can interact to create communities to assist in improving overall patient care through shared knowledge and experiences.

#### ARS Surveys

Identifying additional areas of educational need for future CME activities as part of a plan for continuous professional development.

CME Outfitters, LLC, reserves the right to update the list of faculty or make necessary changes in names, titles, affiliations, and other details without notice. Visit [www.neuroscienceCME.com/CMW551](http://www.neuroscienceCME.com/CMW551) for the most updated information.

USF Health and CME Outfitters, LLC, adhere to the ACCME Standards, as well as those of the ACPE, APA, and ANCC regarding commercial support of continuing medical education. It is the policy of USF Health and CME Outfitters, LLC, that the faculty and planning committee disclose real or apparent conflicts of interest relating to the topics of this educational activity, that relevant conflict(s) of interest are resolved, and also that speakers will disclose any unlabeled/unapproved use of drug(s) or device(s) during their presentation. Detailed disclosure will be made in the course syllabus.

Discussion of Off-Label Use: Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be "off-label" use discussed in the presentations. Speakers have been requested to inform the audience when off-label use is being discussed.

Accommodations for Disabilities: Please notify Jamie Conte via email at [jconte@cmeoutfitters.com](mailto:jconte@cmeoutfitters.com) or call 877.263.7767 a minimum of 10 working days in advance of the event if a reasonable accommodation for a disability is needed.

The events, activities, and facilities of this conference are available without regard to race, color, sex, national origin, disability, age or Vietnam veteran status as provided by law in accordance with USF Health's and CME Outfitters' respect for personal dignity.
