### **GOLDEN, COLORADO HOTEL HELPS RAISE MONEY FOR OUTDOOR LAB**

*Due to budget shortfalls, beloved outdoor school faces closure. Fortunately, local donors and businesses, including the Denver Marriott West Hotel, help to keep the Outdoor Lab open.*

Golden, CO – In Colorado’s Jefferson County School District, the Outdoor Lab has become something of a rite of passage for students. This non-profit school teaches children about the outdoors over a number of days, and the Outdoor Lab is the first extended time away from home for many students. Unfortunately, in this time of tight budgets, the Jefferson County School District has been forced to cut funding for Outdoor Lab. To continue bringing an engaging experience to Colorado youths, the Outdoor Lab has asked for donations from local businesses and individuals. The Denver Marriott West Hotel has decided to help. Guests who select the Outdoor Lab Foundation Package will have 25% of their final bill donated to the Outdoor Lab.

This Denver Marriott West Hotel will offer this package from now until the end of 2011. The Outdoor Lab Foundation Package offers a \$99/night weekend rate as well as a complimentary movie and popcorn. Locals and visitors to the area looking for an excellent place for a relaxing weekend getaway can stay in one of the most comfortable [Golden, CO hotels](#) while supporting a good cause. The hotel will also contribute 10% of sales for meetings and events. Meetings/events must be a new booking and must include 10 or more rooms per night or include a catered banquet for 10 or more people. The Denver Marriott West hotel features 17 meeting rooms and 10,200 sq ft of flexible space.

To learn more about the Denver Marriott West hotel, visit [www.marriott.com/DENWE](http://www.marriott.com/DENWE)

The Outdoor Lab hopes to raise \$600,000 to help keep its doors open. If the non-profit fails to raise the set amount, it plans to reopen at a later date. For those who wish to donate money directly to the Outdoor Lab, they can visit [www.outdoorlabfoundation.org/Home\\_Page.html](http://www.outdoorlabfoundation.org/Home_Page.html)
