## MEDICI® POLYUREA COLOUR COATING SYSTEM

When someone sets foot into a room, the first thing they notice is its colour. Whether it will look elegant and sophisticated, simple and cheerful or calm and natural, the colour of a room's floor can make all the difference when setting the mood. With the Medici® Polyurea Colour Coating System, your only limit is your imagination. The Medici® System provides a broad variety of looks for any room with incredible ease. Create the luxurious look of marble, slate or other natural stone without the labor and expense. Even the ornate appearance of stained concrete, without messy, harmful acids that wear off over time, is easily possible with the endless colour combinations of Medici®.

FLOORS  
PROFESSIONAL

## MEDICI® DUALIE ROLLER™

Using the Dualie Roller™, Medici® colour coatings provide virtually any look imaginable, with no more effort than it takes to roll paint on a wall. With the Split Pan separating your two chosen colours, the Dualie Roller™ applies both at the same time.

Medici® creates a limitless variety of styles with only a fraction of the work and cost of any other flooring option.

For the best in beauty, effort, value and durability, the Medici® System is the perfect answer for any flooring project.

## ROCKSOLID FLOORS® IS IDEAL FOR

- Basements, Garages, Kitchens

**RockSolid's** environmentally friendly Polyurea floor coatings are an ideal choice for indoor use.

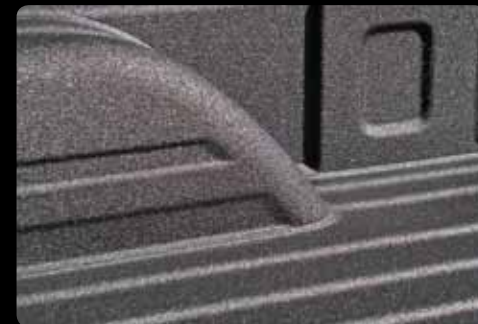

**ECO  
SAFE**

**ULTRA LOW  
VOC'S  
& VIRTUALLY  
ODOR-FREE**

## What is Polyurea?

Polyurea is the latest advancement in coating technology providing the best of all worlds. Its extreme durability makes it 20x stronger than epoxy. It's chemically resistant to salt, oil, gas and other harsh chemicals. It's even 98% more flexible than epoxy, allowing for natural concrete movement – Polyurea will not crack or peel.

Polyurea has been utilized for over 25 years in industrial applications such as pipe / pipeline coatings and linings, water treatment plants, manhole & sewer linings, and automotive fascia OEM molded parts. In fact, if you are familiar with spray-on pickup truck bed liners, you are familiar with Polyurea. Fast cure times, flexibility, and abrasion-resistance are all inherent properties of Polyurea, making it a natural choice for the high demands on any floor.
