

VOICE-LEADS

HOW IT WORKS

- 1** When an Internet lead fills out an inquiry form and hits Submit button, VOICE-LEADS converts the form lead into a phone call to you.
- 2** You are given the name of the lead and nature of inquiry and prompted to press 1 to be instantly connected by phone.
- 3** You press 1 and their phone rings. Within seconds you are speaking to your lead.
- 4** You are the first one to speak to the lead, giving you a huge competitive advantage.

Now you are talking!

TURN WEB FORM LEADS INTO PHONE CALLS WITH VOICE-LEADS

KEY BENEFITS

- Speak to your internet leads while they are hot. Prospects cool off fast.
- Be the first to speak to every lead. 74% of internet leads that convert will do so with the first company they talk to.
- Turn Internet leads into phone calls. Your reps will save time and conversions will go up.
- Increase your lead to connection ratio.
- Leverage the power of online lead gen with the phone.
- Works seamlessly with the LeadMaster CRM / Lead Management system.
- Features Voice-Leads Valet™ - Queues up after hour leads then calls your reps when they arrive the next business day. Automatically re-attempts call if lead is not reached on 1st call at predetermined intervals.
