Foreword by Richard Linchitz, MD	21
Foreword by Robert Jay Rowen, MD	27
Preface by Connie Strasheim	31
A Note from the Publisher	36

CHAPTER 1: Stanislaw R. Burzynski, MD, PhD 37

Biography	37
What Cancer Is, What Causes It, and How to Treat It	39
The Role of Antineoplastons in Controlling Cancer Cells	40
How I Discovered Antineoplastons	41
Using Antineoplastons and Gene-Targeted Therapy to Treat Cancer	41
Treatment Process	43
Types of Antineoplastic and Gene-Targeted Medications	45
The Use of Antineoplastons for Other Diseases	48
Dietary and Supplement Recommendations	48
Preventing Cancer with Supplements	49
Detoxification	50
Treatment Outcomes	50
Training Other Doctors to Use Antineoplastons	51
Improving Cancer Care	53
The Problem with Conventional Oncology	53
When to Use Conventional Medicine to Treat Cancer	54
Side Effects of Gene-Targeted Therapies	55
Factors That Affect Healing	55
How Family and Friends Can Support Their Loved Ones with Cancer	56
Roadblocks to Healing	56
Insurance Coverage for Treatments	57
The Politics of Cancer Treatment in the United States and My Battle with the FDA	57
The Future of Cancer Treatment	60
Last Words	61
Useful Websites	61
Contact Information for Stanislaw Burzynski, MD, PhD	61
Comparison of Responses in Most Common Cancers (chart)	62

CHAPTER 2: Nicholas J. Gonzalez, MD65

Biography	65
What Cancer Is and What Causes It	67
Treatment Protocol	70
Diet	70
Nutrient Supplementation	72
Pancreatic Enzymes	74
Detoxification	75
Considerations in Treatment	76
Treatment Outcomes	77
Other Doctors Who Do Pancreatic Enzyme Therapy	78
The Role of Stress, the Mind and Spirituality in Healing	78
The Problem with Conventional Cancer Care	83
Why Oncologists Use Conventional Medicine, Even When It Doesn't Work	84
The Politics of Cancer and How It Affects Treatment Options	85
My Greatest Challenge as a Practitioner	87
How Friends and Family Can Support Their Loved Ones with Cancer	87
Last Words	88
Contact Information for Nicholas Gonzalez	88

CHAPTER 3: Robert Zieve, MD..... 89

Biography	89
What Cancer Is and What Causes It	91
The Role of Emotions in Cancer Development and Healing Emotional Trauma	95
Treatment Approach	98
IPT—Insulin Potentiation Therapy and Metronomic Chemotherapy	102
Chemotherapy Sensitivity and Other Types of Testing	104
Addressing Growth Factors in Cancer	107
Building Up the Body with Botanicals, Vitamins and Other Nutrients	107
Improving Cellular Energy and Immune Function	108
Building a Treatment Protocol in Layers	109
The Multi-Faceted Benefits of Herbal Remedies for Treating Cancer	110
Detoxification	113
Dietary Recommendations	113

Treatment Outcomes	114
Patient/Practitioner Challenges to Healing	118
Risky Cancer Treatments and What Constitutes Good Science	120
Why Oncologists Aren't Open to "Alternative" Cancer Treatments	123
How Friends and Family Can Support Their Loved Ones with Cancer	124
Who Heals From Cancer?	124
Last Words	126
Contact Information for Robert Zieve, MD	127

CHAPTER 4: Colleen Huber, NMD.....129

Biography	129
What Cancer Is and What Causes It	129
Treatment Approach	130
IV Treatments	134
Vitamin C	134
Alkalinizing Agents, Including Sodium Bicarbonate	135
Vitamin A	135
Considerations in Treatment	136
Dietary Recommendations for Healing	137
Treating Hormonal Imbalances	138
The Pros and Cons of PET Scans	139
Lifestyle Recommendations for Healing	140
Treatment Plan Duration	140
Treatment Outcomes	141
Roadblocks to Healing	145
Insurance Coverage for Treatments	145
Inexpensive Cancer Treatments	146
Ineffective/Dangerous Cancer Treatments	146
How Friends and Family Can Help Their Loved Ones with Cancer	148
Final Words	149
Recommended Resources	149
Contact Information for Colleen Huber, NMD	149

CHAPTER 5: Juergen Winkler, MD..... 151

Biography	151
How I Became Involved in Integrative Medicine	152
Treatment Approach	154

IPT—Insulin Potentiation Therapy	154
Chemotherapy Sensitivity Testing	156
Pre-Chemotherapy Nutritional Protocol	158
Tailoring Treatments to the Individual Patient	159
Conventional Chemotherapy versus IPT	160
Treating Hormone Imbalances	161
Treating Immune System Imbalances and Infections	163
Balancing Brain Chemistry	165
Other Tests and Treatments to Heal and Support the Body	166
Detoxification	167
pH-Balancing Treatments	168
DMSO	168
Magnet Therapy	169
Dietary Recommendations	169
Treatment Duration	170
Logistics of Treatment	170
Treatment Outcomes	171
Roadblocks to Healing	172
Patient/Practitioner Challenges of Healing	174
Dangerous/Ineffective Treatments	175
Last Words	176
Contact Information for Juergen Winkler, MD	176

CHAPTER 6: Elio Martin Rivera Celaya, MD, with Steven Hines.....177

Biographies	177
About Hope Wellness Center	178
What Causes Cancer	179
Testing and Treatment Approach	180
Controlling the Over-Expression of Estrogen Receptors on Cancer Cells	182
Restoring Proper Cellular and Immune Function with Electrolytes and Other Nutrients	183
The Relationship between Fungal Infections and Cancer	185
Anti-Coagulant Therapy	187
Inhibiting the MDR-1 Pump	187
Dendritic Cell Vaccines and Stem Cell Therapies	188
Dietary Recommendations	188

Detoxification	189
Balancing the Hormones and Neurotransmitters	189
Treatment Outcomes	190
Factors That Influence Healing	192
Roadblocks to Healing	193
What More People Should Know About Cancer Treatments	193
Our Greatest Challenge as Practitioners Who Treat Cancer	194
Dangerous and Ineffective Cancer Treatments	194
Inexpensive, but Effective, Cancer Treatments	196
How Family and Friends Can Support Their Loved Ones with Cancer	198
Final Words	198
Other Recommended Books/Websites	198
Contact Information for Elio Martin Rivera-Celaya, MD and Steven Hines	199

CHAPTER 7: Martin Dayton, MD, DO 201

Biography	201
What Cancer Is and What Causes It	203
Diagnostic and Testing Procedures	204
Treatment Approach	208
IPT-Insulin Potentiation Therapy	209
Natural Substances to Poison Glycolysis and Prevent Angiogenesis	210
Melatonin	211
Other Anti-Cancer Nutrients	212
Using Pharmaceutical Drugs Off-Label: Viagra, Naltrexone and Persantine	213
Immune Support	214
Detoxification	214
Dietary Recommendations	215
Strategies for Emotional Healing	215
The Importance of Awareness, Spontaneity and Intimacy	215
Healing Regret, Resentment and Self-Righteousness	216
Using Energetic Devices and Homeopathy to Release Emotional Trauma	217
Treatment Outcomes	218
Roadblocks to Healing	219
Low-Cost Treatment Solutions	219

How Family and Friends Can Support Their Loved Ones with Cancer	220
Recommended Books and Websites	221
Last Words	221
Contact Information for Martin Dayton, MD, DO	222

CHAPTER 8: Robert Eslinger, DO, HMD223

Biography	223
What Cancer Is and What Causes It	224
Strategies for Mind-Body Healing	226
Cancer Treatment Approach	230
Boosting Immune Function	231
Bio-Oxidative Therapies	232
Intravenous Vitamin C	232
Laetrile	233
Insulin Potentiation Therapy	233
MEAD Analysis and Balancing the Body's Meridians	235
Other Adjunct Treatments	236
Ultraviolet Blood Irradiation or Biophotonic Therapy	236
Revici Remedies	238
Poly-MVA	239
Heavy Metal Chelation	239
Detoxification	239
Earthing or Grounding Therapy	240
Dietary Recommendations	241
Treatment Duration	241
Treatment Outcomes	242
Roadblocks/Challenges to Healing	244
How Family and Friends Can Support Their Loved Ones with Cancer	244
Risky Treatment Approaches	245
Dangerous/Ineffective Treatments	245
Final Words	245
Contact Information for Robert Eslinger, DO, HMD	245

CHAPTER 9: Nina Reis, MD, and Hufeland Klinik (Clinic)	247
Biography	247
What Cancer Is and What Causes It	248
Our Holistic Approach to Healing	249
Treatment Protocol	250
Immunotherapy	252
Thymus Therapy	253
Local and Moderate Whole Body Hyperthermia	253
Fever Therapy	253
Permanent Shower Therapy	254
Programmed Oxygen Multi-Step Therapy (OMT)	254
Ozone Therapy	255
Colon Hydrotherapy	255
Massage Cupping	256
Antioxidants	256
Vitamin E	257
Vitamin D-3	257
Selenium	257
Vitamin C	258
High-Dose Intravenous Vitamin C Therapy	258
Auto-Hormone Therapy (AHT)	259
Other Natural Anti-Cancer Treatments	259
Additional Treatments	260
Conventional Therapies	260
Treatment Procedure	261
Length of Treatment and Maintenance Program	262
Psychological/Mental Health Treatments	262
Psychotherapy	263
Painting Classes	264
Clay Field Therapy	264
Meditation	265
Visualization Therapy	265
Treatment Outcomes	266
Factors That Influence Healing and Roadblocks to Healing	268
The Problem with Conventional Cancer Treatments	269
Lifestyle Recommendations for Healing	270

How Friends and Family Can Support Their Loved Ones with Cancer	270
Contact Information for Hufeland Klinik and Nina Reis, MD	270

CHAPTER 10: Julian Kenyon, MD, MB, ChB 271

Biography	271
What Cancer Is and What Causes It	272
Treatments	273
Sonodynamic and Photodynamic Therapy	273
Treatment Procedure Using Sonodynamic Photodynamic Therapy (SPDT)	276
Beta-glucans	276
Intravenous Vitamin C	277
Pancreatic Pro-Enzymes	277
Dendritic Cell Therapy Vaccines	278
Ukrain and Metronomic Low-Dose Cytophosphamide	281
The Use of Bindweed Root for Stopping Angiogenesis	282
Detoxification	282
Treating Hormonal Imbalances	283
Dietary Recommendations	283
Testing Procedures and Dark Field Microscopy	286
Other Considerations in Treatment	288
Maintenance Treatment Program	288
Treatment Outcomes	289
Lifestyle Recommendations for Healing	290
Roadblocks to Healing	290
Inexpensive Cancer Treatments	291
How Family and Friends Can Support Their Loved Ones with Cancer	291
Final Words	292
Contact Information for Julian Kenyon, MD, MB, ChB	292

CHAPTER 11: Constantine A. Kotsanis, MD293

Biography	293
What Causes Cancer	294
Treatment Approach	296
Summary of Our Cancer Treatment Program	298
Seven Components to Healing: An Integrative Treatment Process	298

IPTLD/IPT—Insulin Potentiation Targeted Low Dose Therapy	299
Nutrient Supplementation	300
Botanical Therapies	301
Enzyme Therapy	301
Detoxification	302
Treating Infected Teeth	302
Correcting Hormonal Imbalances	302
Dietary Recommendations	303
Healing Emotional Trauma	303
Lifestyle Recommendations for Healing	305
Low-Cost Treatments	305
Treatments to Prevent Cancer	305
Factors That Influence Healing and Roadblocks to Healing	306
Conventional Versus Alternative Medicine	306
Treatment Outcomes	307
Practitioner Challenges of Treating Cancer	308
Last Words	309
Recommended Reading	310

CHAPTER 12: Joe Brown, NMD 311

Biography	311
My Personal Experience with Cancer and How It Has Affected How I Treat Patients	314
How Naturopathy Benefits Patients	316
What Cancer Is and What Causes It	317
Treatment Approach	319
Dietary Recommendations	319
Pharmaceutical-Grade Supplements	320
Immune-Boosting IVs	320
Follow-Up and Maintenance Treatments	321
Expected Treatment Outcomes for People with Late-Stage Cancers	323
Factors That Affect Treatment Outcomes	324
Roadblocks to Healing	324
My Biggest Challenge as a Practitioner	325
Problems with the Conventional Medical System and Conventional Cancer Treatments	326
What Patients Can Do if They Can't Afford Treatments	328

How Friends and Family Can Support Their Loved Ones with Cancer	329
Last Words	330
How to Contact Joe Brown, NMD	331

CHAPTER 13: Keith Scott-Mumby, MD, PhD333

Biography	333
Treatment Approach	336
Pillar of Healing #1: Nutrition	336
Pillar of Healing #2: Chemical Cleanup	337
Pillar of Healing #3: Alternative Psychology	339
Summary	342
Homotoxicology for Detoxification	342
Homotoxicology for Releasing Miasms	344
Mistletoe	344
How Naturopathic Treatments Benefit Those Who Do Chemotherapy	345
Treating Dental Problems	346
Erasing the Harmful Effects of Vaccines	346
Balancing the Hormones with Herbs and Homeopathic Remedies	346
Treatment Outcomes	348
Considerations When Searching for a Cancer Doctor	349
Low-Cost Cancer Treatments	350
Ineffective Cancer Treatments	351
