

With Ncontracts FI[®], you save money and realize material return on investment through efficient contract management. And, you're good as gold for regulatory audits.

Ncontracts FI[®] is a web-based contract management solution designed exclusively for financial institutions that enables them to manage contractual agreements and vendor risk in a way that is tailored to the complexity of each relationship, as required by the FFIEC regulatory guidelines.

Ncontracts FI[®] enables your bank to respond quickly and confidently to regulatory inquiries and audit demands of examiners. Our web-based vendor risk management application gives you peace of mind knowing that you are inspection ready at a moment's notice.

Network Contract Solutions can help your **financial institution** address **bank vendor** management issues and meet FDIC **regulatory compliance** by:

- Providing Ncontracts FI[®], a web-based vendor and contract management tool designed specifically for banks and the financial industry
- Providing ongoing paralegal services and vendor agreement analysis
- Collecting critical vendor data such as:
 - **Financial information (P/L & balance sheets)**
 - **Internal privacy policies**
 - **Employee background security checks**
 - **Statement on Auditing Standards (SAS 70 Audit) for IT processes and disaster recovery**
 - **And more!**

We do the work.

Our experienced team will do the necessary legwork to identify key provisions in your agreements and create useful summaries each month, saving you valuable time and resources. This helps your organization meet your compliance needs.

We deliver R.O.I.

Effective vendor management using Ncontracts FI[®] yields additional value far beyond reducing risk and satisfying regulatory requirements. It can increase net profits, reduce costs from audits, and encourage improved contract terms and performance from vendors.

You stay compliant.

Don't take chances with FDIC regulatory compliance mandates. Contact Network Contract Solutions to learn more about how your organization can use this powerful online tool to manage bank vendors and mitigate risk of non-compliance with Ncontracts FI[®].
