

The Pivotal Leaders Network was created to identify and recognize the top prospective clean technology business leaders in the Northwest. Founded in 2010 by the venture capital firm Pivotal Investments, Pivotal Leaders seeks to stimulate investment and expand resources – both human and financial – to foster growth in the region's sustainable economy. The Pivotal Leaders were selected using a community-nominated and peer-selected process. A new list of Pivotal Leaders will be selected each year. For more details about the Pivotal Leaders Network, please go to our website: [pivotal-leaders.com](http://pivotal-leaders.com) and stay connected, on our [Facebook](#) page, [LinkedIn](#) group, and [Twitter](#): [@PivotalLeaders](#).

# PIVOTAL LEADERS™
