

Dawn wildlife canoe trip

Brief Description

An early morning journey by Canadian Canoe. A gentle flat water paddle through the impressive Aigas Gorge to look for otters and feeding osprey as the sun rises.

Grading:	Easy
Max. number:	8
Suitable for:	Age 12 + (No previous experience necessary)
Duration :	3 hrs
Cost:	£55 (Adult) £45 (<18)

What makes this trip special

A truly memorable experience. After a basic introduction to steering the canoes we will proceed in silence down the River Beaulieu on a short but stunning journey to experience river life at sunrise. On our previous occasional trips we have witnessed young families of Roe Deer drinking at the river's edge, watched Peregrine Falcon fledglings stumble along a rock ledge, watched otters playing in the gorge and ospreys catching fish and taking them back to their riverside nest to feed their young.

Obviously no sightings can ever be guaranteed, but even without the wildlife this is one of the very best short canoe journeys in the country.

*"Everyone must believe
in something.*

*I believe I'll go
canoeing."*

Henry David Thoreau
