BEST Contracting Services, Inc. provides comprehensive roofing and waterproofing services through GSA Contract #GS-07 FO422X Schedule 56 Subsection 563.4

BEST serves the US Government with superior quality roofing and waterproofing products and services. Our factory trained, certified crews install all systems including standard roofing, metal roofs, green roofs, residential roofing systems for family housing and waterproofing.

BEST is an approved contractor for virtually every major roofing and waterproofing manufacturer. Our high bonding capacity and extraordinary safety record make BEST a valuable asset to GSA contracting officers. BEST has current ORCA and CCR listings. The NAICS numbers for these services are 238160 (Roofing) and 238990 (Waterproofing). Our DUNS number is 1-3123483.

The products we supply are American made. Every effort is made to meet the new green standards with these materials and their transportation. We also offer roof related open market items such as roof mounted solar PV systems. Contact us for additional details.

Products sold and installed include:

- Green (Vegetated Roofs)
- Tile/Shingle
- Built-Up Roofing (Hot and Cold Process)
- Single Ply Roofing (PVC, TPO, EPDM, Modified Bitumen)
- Polyurethane Foam Roofing (Foam and Coating)
