

Mobile Connect™ Product Suite

All Of Our Great Products...One Low Price!

Mobile Connect™

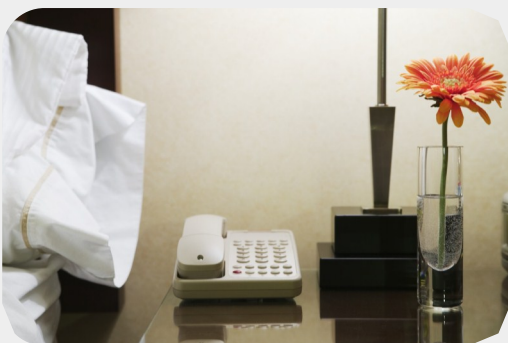

Mobile Connect™ allows businesses and organizations to quickly contact customers anywhere, at any time. They can reach out with offers, reminders, alerts, customer service notifications, and other operational messages. Contact your customers in the following mobile methods:

- Text Messages - SMS
- Voice - IVR and text-to-speech
- Email - SMTP
- Business Edition

Coupon Connect™

Coupon Connect™ is a full circle mobile digital coupon management system. Create live coupons of either specific value or percentage off. Send your coupons using SkyWire® Coupon Connect™, and redeem them via your POS system. **No other SMS Marketing vendor offers complete integration with the back office of your POS system.**

Rooms Connect™

Rooms Connect™ by SkyWire® Media seamlessly and automatically interfaces with your existing hospitality software to send an alert to your guest's cell phone via text, email or IVR (Interactive Voice Response) when their room is ready.

- Automatic Notification to guest when room is ready
- Seamless interface to hospitality software
- Guest care and service enhanced
- Guest loyalty enhancement
- Added digital marketing potential

All Of Our Great Products...One Low Price!

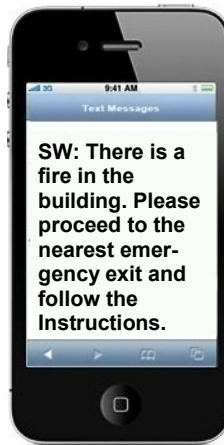

Table Connect™

Table Connect™ by SkyWire Media® provides a high-tech, simple connection with your dining guests. As they arrive, they provide their name and cell phone number. When their table becomes available, the staff simply clicks their name and a customizable message will be sent via text, e-mail, or IVR (Interactive Voice Response). All that is needed at the host stand is a computer with an Internet connection. Table Connect™ by SkyWire® Media is safe and secure and keeps you Simply Connected to your guests.

Progressive Connect™

As progressive jackpot payout numbers increase, you want your best players to know about it. Shift into gear with Progressive Connect™ by SkyWire® Media—the newest technology designed to inform players of rising jackpot payouts and to stimulate increased slot play. Progressive Connect™ offers players the ability to sign up for alerts via easy-to-use kiosks. They can also select their personal jackpot level thresholds, which will trigger an alert via text, e-mail, or IVR (Interactive Voice Response) when those thresholds are reached. The result is an increased excitement and more play from both serious and casual players.

Emergency Connect™

Emergency Connect provides authorized leadership with the ability to communicate with a large group in a matter of seconds from their own cell phones or computers via SMS messages, Text to Speech, and Email.

- Broadcast Communication Within Seconds NOT Hours
- Guaranteed Text Delivery
- Multiple Communication Channels (Cell Phones, Email, & Home Phones)
- Send Blast Alerts from Cell Phone or Computer
- Secure & Easy to Use Online Administrator Interface
