# ONE DAY DO-IT-YOURSELF

## INDUSTRIAL GRADE POLYUREA FLOOR COATING SYSTEM

RockSolid Floors® is an industrial grade system truly superior to that of any epoxy or urethane product available. Our patent pending RockSolid System™ will allow you to finish your floor in hours, not days - able to handle foot traffic in just 6 to 8 hours and vehicle traffic within 24 hours. You get the kind of durability and speed that only Polyurea can offer.

## WHAT IS POLYUREA?

Polyurea is the latest advancement in coating technology providing the best of all worlds. Its extreme durability makes it 4x stronger than epoxy. It's chemically resistant to salt, oil, gas and other harsh chemicals. It's even 98% more flexible than epoxy, allowing for natural concrete movement - Polyurea will not crack or peel.

Polyurea has been utilized for over 25 years in industrial applications such as pipe/pipeline coatings and linings, water treatment plants,

manhole and sewer linings, and automotive fascia OEM molded parts. In fact, if you are familiar with spray-on pickup truck bed liners, you are familiar with Polyurea. Fast cure times, flexibility, and abrasion-resistance are all inherent properties of Polyurea, making it a natural choice for the high demands on an average garage floor.

## FEATURING BURST POUCHES

NO CANS TO MESS WITH.  
NO MEASURING. JUST BURST AND MIX

## ROCKSOLID FLOORS APPLICATION

1 FLOOR PREPARATION: ROCKSOLID SAFE ETCH	2 ROCKSOLID FLOORS BURST POUCH MIX	3 APPLY COATING	4 APPLY TOP COAT
			
Etch the floor with Professional Etch Solution. Etching cleans and opens the pores of the concrete.	Roll Pouch, Burst, Shake and Pour RockSolid Polyurea Primer-Body coat part A and B	Roll On RockSolid Polyurea Primer-Body Coat Apply Decorative Chip	Roll On RockSolid Clear Polyurea Top Coat.

## ADD-ON KIT

MUST BE USED IN CONJUNCTION  
WITH ROCKSOLID FLOORS  
PARTIAL CHIP KIT

### KIT INCLUDES

ROCKSOLID POLYUREA TOP COAT  
PART "A" AND "B" POUCH (1)  
25 LBS OF DECORATIVE CHIP  
HOW-TO INSTRUCTIONAL DVD

\* EACH KIT COVERS 250 SQ.FT \*

**4x**  
STRONGER  
THAN EPOXY

# PARTIAL CHIP COLORS

### KIT INCLUDES

ROCKSOLID POLYUREA CLEAR TOP COAT  
PART "A" and "B" (1 BURST POUCH)  
ROCKSOLID POLYUREA PRIMER-BODY COAT  
PART "A" AND "B" (2 BURST POUCHES)  
2 DECORATIVE CHIP (8 OZ EACH)  
ROCKSOLID SAFE ETCH PREP SOLUTION  
HOW-TO INSTRUCTIONAL DVD  
INSTALLATION GUIDE PRINTED  
IN ENGLISH, SPANISH AND FRENCH  
\* EACH KIT COVERS 250 SQ.FT \*

## FAST PATCH KIT

Repair cracks, spalls and minor damage to  
concrete surfaces, without waiting for the  
repairs to cure. Easy to mix 1:1 ratio and  
no special equipment is required. Available  
in 1 quart or 2 quart kits.
