PERMANENT RESIDENCE FOR INVESTORS

Singapore offers several avenues of opportunity for people around the world to come to Singapore and make it home. For investors, there is the Financial Investor Scheme, which aims to attract investors and to develop new and existing businesses. Aside from benefiting Singapore's wealth of financial services, the scheme enables you and your family to become Permanent Residents of Singapore.

To qualify for the Financial Investor Scheme, individual investors must meet the following criteria:

- Must be 21 years or older
- Must have a Net Personal Asset of S\$20 million; and
- Place a minimum of S\$10 million of financial assets in Singapore with a MAS-approved financial institution for a continuous period of five years, commencing from the date of issuance of the Entry Permit. No withdrawal of assets is allowed except for interest income, capital gains and dividend income.

Permanent Resident Status

The Immigration and Checkpoints Authority of Singapore grants Permanent Resident status to qualified applicants upon submission and approval of all required documents. The application process takes between 4–6 months before an Approval-In-Principle (AIP) letter is issued. You have six months from the date of the issuance of AIP to fulfil conditions prescribed in the letter, including the commitment of the Minimum Sum and a medical examination.

Family Eligibility Criteria

Spouses and children who are below 21 years of age are eligible for the Singapore Permanent Residence (PR) status. Male dependants will then be liable for Singapore National Service. The investor's unmarried children who are over 21 years of age do not qualify for Singapore PR but are eligible to apply for the renewable five-year Long Term Visit Pass, subject to the investor's re-entry permit validity.

As of 1 January 2011, parents and parents-in-law are no longer eligible for PR status; instead, they can apply for a renewable five-year Long Term Visit Pass (LTVP).
