

- CHT Global presents its newest service, Net2Mail Enterprise Email Hosting.
- Net2Mail is an enterprise-ready solution for multinational corporations, but also so affordable that small businesses can join too and experience the difference.
- Net2Mail is an industry-tested email solution that currently empowers more than 10,000 enterprises, including a company of over 30,000 employees.
- CHT Global is the wholly-owned US subsidiary of Chunghwa Telecom, the largest telecommunication company in Taiwan. Since 2002, CHT Global has helped numerous enterprises achieve their targeted goals while reducing customer side complexity by providing industry leading multi-site network solutions through its global backbone infrastructure and world-class service.
