

Grants Professional Services

In the past year, eCivis clients have researched over \$500 billion in grants and managed nearly \$4 billion in awarded funds. To improve the level of awarded funds, eCivis recently teamed up with the top grant writers across the country to form the Grants Professional Services (GPS) team. GPS provides the highest quality of grant writing, grant management, and peer review services to eCivis clients, saving you time, money, and resources so that you can focus on important municipal projects. With over 50 credentialed grant writers, and with an average win rate of 80%, we'll help you increase your grant award track record and bring you a substantial return on investment.

Credentialed writers. Led by one of the top names in the grant writing world, Dr. Bev Browning (author of more than 37 grants-related publications, including *Grant Writing for Dummies™*), our experienced GPS team includes members who are credentialed by the Grant Professional Certification Institute and certified in the community development block grant (CDBG) tracking and reporting process.

Professional management. We'll work with your organization to apply for competitive, high-reward, and winnable grants. Our consultation services help to ensure that you're maximizing your resources while increasing your external funding and easing your workload. Our peer review services provide clients with the constructive criticism necessary to hone their skills and repeat successes.

High ROI. With our high win rate average and our focus on high-reward grant opportunities, your organization will obtain a multi-fold return on investment.

Key GPS features include:

- **History of success:** Dr. Bev Browning brings nearly four decades of grant expertise and has assembled a team of grant writers with average win rate of 80%
- **Top grant writers, managers, and peer reviewers:** Competitive and formula grant applications written by the best grant writers in the country
- **Effective monitoring:** Management of competitive and formula grant applications through our Tracking & Reporting system
- **Improved quality:** Federal-level peer review services that provide constructive criticism to produce high-quality applications
- **Training:** 1-day grant writing training for organizations that are budget constrained

Dr. Bev Browning (Dr. Bev) brings to eCivis a wealth of knowledge, history of success, and an impressive team of grant professionals to serve eCivis clients. Dr. Bev has been consulting in the areas of grant writing, contract bid responses, and organizational development for four decades. She has assisted clients and workshop participants throughout the United States in receiving awards of more than \$350 million and a win rate of 90%.
