

SOLUTIONS
THAT FIT YOU.

New Product Showcase

What's next for the leader in ergonomic, durable workplace furnishings? Here's a quick look:

Sirocco™ Mesh Executive Chair >

- All-new, all-mesh design provides maximum breathability and comfort
- A fully adjustable headrest offers a bold look and added luxury
- Seat-height, base and armrest functionality ensure versatility in any office environment
- Executive-style seat control ensures even greater ergonomic support
- The Sirocco combines today's sleek styling with BioFit's traditional quality and is backed by a 13-year warranty

◀ SwingSeat™ Swing-Arm Chair

- Engineered to meet the challenges of space constraints in specialized workplaces
- Wall-mounted, swing-arm design ensures that the SwingSeat is there when you need it and out of the way when you don't
- Swiveling tripod base features three glass-hub "zero" casters
- Available in a wide range of seat, back and upholstery options

SideSkoop™ Side Chair ▶

- Based on the ADEX Platinum-award winning design for BioFit's popular Skoop™ multipurpose chairs
- Features Skoop's one-piece, ergonomically-shaped shell with a 14-gauge, welded steel base
- Available in a palette of deliciously vivid colors
- Lightweight and stackable, with quality, durability, style and comfort for today's designers, architects and space planners
