Enterprise Cloud-Based Migration Solution

MigrationWiz is a complete cloud-based migration solution that helps companies move from existing to new messaging systems seamlessly and affordably. With no hardware or software to install, the patent pending technology is a solution designed to meet the needs of individuals, IT administrators, consultants, system integrators and service providers interested in migrating mailboxes. MigrationWiz is a trusted brand in over 50 countries by global Fortune 500 organizations, governments, healthcare providers, and more. Customers can sign-up, configure and initiate migrations in a matter of minutes with no prior experience.

Service Features and Benefits

Easy to Use

Simple and effective migration solution. Sign up, configure, purchase and submit migrations in minutes with no prior experience. No training required.

Cost-Effective

Lower the total cost of migration. MigrationWiz is a cost effective and efficient migration solution for all businesses. Predict costs by paying a fixed fee for each mailbox migrated. We offer a tiered pricing structure based on the number of mailbox licenses purchased. Our prices are all inclusive.

First-Class Support

Our knowledgeable support staff is available twenty-four hours a day, seven days a week, free of charge, to assist you with your migrations.

Faster Migrations

Decrease your migration times. Our patent pending technology has moved hundreds of terabytes of data in under 48 hours.

21st Century Migration Solution

Unlike other legacy migration solutions, MigrationWiz was built from the ground up to move mailboxes to and from hosted environments. Network communication is optimized for minimal network chatter and resource usage.

Zero Deployment

No software to download or install. No hardware to deploy. Our zero deployment solution is hosted in a state of the art data center. Don't risk deploying bits that can compromise the integrity of your internal network.

Secure

Automated migrations eliminate the need for human interaction with mailbox data — providing secure communication through SAS 70/PCI environments.

Unlimited Scalability

MigrationWiz supports hundreds of thousands of simultaneous migrations at any given time. Migrate more mailboxes daily and shorten your timeframe. Don't be bottlenecked by worker throughput with other solutions.

Scripting and Integration

Our platform can be fully scripted using PowerShell. Automate the entire migration process. In addition we offer SOAP web services for custom integration.

24/7 Self-Service

Configure and start migrations twenty-four hours a day, seven days a week, anytime, anywhere.

Trusted Brand

MigrationWiz is used in over 50 countries. Our worldwide migration farm is used by one person companies to globally recognized Fortune 500 organizations.
