### SAVANNAH, GA HOTEL COMPLETES A MAJOR LOBBY RENOVATION

***Courtyard Savannah, GA hotel announces new features, including high tech GoBoard®, flexible work and social spaces and a 24/7 food and beverage market.***

**Savannah, GA** – The [Courtyard Savannah Midtown Hotel](#) announces it has completed a major renovation of its lobby. Located at 6703 Abercorn in Savannah, GA, this Savannah hotel now features the brand's new Refreshing Business lobby concept, designed to provide travelers the flexibility to work and socialize however they choose while on the road.

The open, bright and contemporary new [Savannah Hotel](#) Courtyard lobby welcomes guests with vivid contrasting colors, including blue, green, orange and red. The traditional front desk has been replaced with separate welcome pedestals to create more personal and private interactions when guests check in. This new setup will allow staff to move about to show guests the lobby features and provide assistance. Flexible seating options range from a communal table in the middle of the action, to more private media booths with high-definition televisions, to a more intimate, semi-enclosed lounge area.

“From day one, Courtyard has prided itself as a brand that listens to what travelers want from a hotel,” said Janis Milham, vice president, Global Brand Manager, Courtyard by Marriott. “Guests want more control and choice with services and amenities that create a healthy balance between working and relaxing. We redefined the Courtyard lobby so it invites guests to get out of their rooms to work, socialize or for entertainment, whether traveling alone or with colleagues.”

A signature element of the new lobby is the exclusive GoBoard® technology, a 52-inch LCD touch screen packed with local information, maps, weather, and news, business and sports headlines. Of all the [Midtown Savannah hotels](#), only the Courtyard Hotel offers this unique service. Guests can navigate information using the touch screen to find restaurants, local attractions and directions.

Guests can connect to free Wi-Fi and there are ample electrical outlets throughout the lobby to power digital devices. The enlarged business library features several complimentary computer terminals along with a free printer and separate computer stations dedicated to printing airline boarding passes and checking flight status.

Dining has been completely redesigned with The Bistro – Eat. Drink. Connect.; offering casual, flexible seating; easier access to food and higher quality, healthier menu options for breakfast; and light evening fare, including snacks, wine and beer so guests can unwind. The Market™, a 24/7 shop for snacks, beverages and sundries, is always open for late-night cravings or the toothpaste you forgot to pack.
