*Make The Play!*

Vinci, manufacturer of high-quality baseball and softball equipment since 1997, was founded on a promise to a father that, "One day your name will be in the Big Leagues". Pete Vinci, founder and President of Vinci, made this promise to his father, our Hero Benjamin Vinci. You will see our Hero's signature in every glove we manufacture as a tribute to a great man who continues to touch many to this day. Each model number is unique as it contains the initials of either family or friends who have touched the Vinci family. Pete, seeing his father battle Lou Gehrig's Disease for years, saw first hand the meaning of family. Pete still carries this with him to this day, and runs Vinci on the core values of honesty, quality and integrity. He inspects every glove before it goes on a shelf. When you wear a Vinci, you are part of our family.
