Florida Beach Resort Invites Guests to Meet "Dolphin Tale" Movie Star

The Sandpearl Resort makes a splash with its newest hotel deal: accommodations, daily breakfast and two tickets to see Winter the Dolphin at Clearwater Marine Aquarium.

Clearwater Beach, FL – This fall, moviegoers will watch the story of Winter the Dolphin unfold in *Dolphin Tale*, the upcoming Warner Bros. film starring Morgan Freeman, Harry Connick Jr., Ashley Judd and Kris Kristofferson. Before the film is released, however, guests staying at the Sandpearl Resort have an opportunity to come face to face with the film's star, Winter the Dolphin herself. [The Winter the Dolphin family vacation package](#) includes:

- Accommodations in any room category
- Daily breakfast for two adults and two children
- Two tickets to the Clearwater Marine Aquarium to see Winter the Dolphin
- The book *Winter's Tail: How One Little Dolphin Learned to Swim Again*

To enjoy the Winter the Dolphin deal, guests must make a reservation at www.sandpearl.com or by calling 1-877-726-3111 and use the promotional code WINTER. Reservations and travel must be completed by December 31, 2011.

An extraordinary tale of despair and recovery, Winter the Dolphin's story is made of the stuff Hollywood loves. Winter the Dolphin was trapped in a crab trap and lost her flipper. While this would ordinarily spell disaster, a dedicated team of marine experts at the Clearwater Marine Aquarium rehabilitated Winter and nursed her back to health. Now, guests at this Florida beach resort can meet Winter face-to-fin at the Clearwater Marine Aquarium, just minutes from the Sandpearl Resort.

One of the most eco-friendly Florida beach resorts, the [Sandpearl Resort](#) wants to spread the story of Winter the Dolphin as much as possible. The Sandpearl Resort is a Silver LEED Certified hotel and is committed to protecting the environment. About the Sandpearl Resort

Sandpearl Resort is a grand beachfront retreat nestled away in the quiet quarters of Clearwater Beach, Florida. Situated along a 700-foot expanse of pristine Gulf Coast beach, this fresh resort blends eco-conscious luxury with unparalleled amenities and features 253 guest rooms and suites, a lagoon-style beachfront pool with private cabanas, unique lifestyle enrichment programs, fine & casual dining, a full-service spa featuring signature pearl treatments, plus state-of-the-art meeting & event space. In efforts to remain a timeless installation coupled with its deep regard for the environment, the eco-luxury resort has included a number of energy-efficient and environmentally conscious elements into its design and construction. As a result, it has been recognized as the first Silver LEED Certified resort in Florida, and one of 15 worldwide, making it a leading example for the future of "building better" on a global level.

Both the Sandpearl Resort and its signature restaurant, Caretta on the Gulf, are AAA Four Diamond Award recipients. The resort was also recently included in Travel + Leisure's 2010 Top 50 "Best Resorts in the US and Canada."
