## ABOUT RUBY

Inspirational, knowledgeable, and colorful are words to describe Ruby Polanco, president of the Ruby Makeup Academy. With a degree in Business Management from the University of Phoenix, Ruby is a well-rounded entrepreneur with an artistic approach.

Motivated by the lack of products for Hispanic and Latina women, Ruby created her own beauty line, Ruby Cosmetics, in 2005. After the launch of the line, she gained immense local popularity and clients began encouraging Ruby to teach others her craft. Ruby originally saw the academy as a great way to promote her cosmetics line but soon the school took on a life of its own.

Ruby's long-term strategy is to have a prominent national academy in metropolitan areas throughout the United States and eventually abroad.
