**Corcentric provides leading-edge financial process automation solutions for buying groups, purchasing co-operatives, and their members.**

### **Connect to your entire community without additional investment in people, hardware, or software**

Our comprehensive solutions include Group Purchasing Organization billing services, purchasing analysis, and rebate information for you and your members without additional investments in people, hardware, or software. We connect your entire community electronically (through EDI, XML, Flat Files, etc.) and allow your group and members to easily connect to suppliers.

### **Tested in the market. Proven to increase efficiency.**

Corcentric's solutions have been tested and used by groups and their members for more than 20 years and have a proven ROI. You'll experience reduced operating costs, increased visibility between groups, their members, and suppliers, and better rebate management, which leads to more effective purchasing.

### **The experience to design a unique solution for your unique needs**

Our close association with organizations like yours has given us a deep understanding of the internal workings and needs of groups, their members, and suppliers and lets us create leading-edge technology solutions that match your strategic direction and operational goals.

### Solutions

- Price File Management
- Contract Compliance
- Invoice Translation and Validation
- National Account Billing Programs

- Spend Management & Analysis
- Check, ACH, & Credit Card Payment Management
- ERP System Integration
- Archiving, Audit Trail, and Reporting

## One solution to connect your entire supply chain

Companies using EDI solutions understand that there are significant benefits to exchanging documents electronically with their suppliers and customers. But the real benefits begin to accrue when an enterprise can connect to everyone within their supply chain.

---

**Corcentric solutions tackle the challenge of providing connectivity to groups, their suppliers, and their members for leading-edge document exchange and management.**
