

RECLAIM - REUSE - RECYCLE

Jensen Precast manufactures a host of different stormwater products, each designed for a specific management application or regulatory requirement. Our products can be used individually or in combination as part of a treatment train. Our staff of dedicated Professional Engineers and Specialists are available when you have a question, need assistance in the selection or sizing of a product, or to help develop an optimal and comprehensive solution for your specific site.

Multi-Product Stormwater Solutions

Oftentimes regulations dictate the need for systems utilizing multiple products in order to achieve the desired solution. That's when the Stormwater team at Jensen Precast can provide the experience, knowledge, design proficiency, and dedication necessary to meet even the most stringent requirements.

PRE-TREATMENT TRASH, DEBRIS, & COARSE POLLUTANT REMOVAL PRODUCTS

- Hydrodynamic Clarifier Vault
- Debris Vaults
- Catch Basin Filters
- Catch Basin Screen Baskets
- Snout® Catch Basin Inserts
- Hydrocarbon Treatment via Rubberizer® Oil Sorbing Mats

FINE POLLUTANT REMOVAL & DETENTION PRODUCTS

- StormVault® Detention-Sedimentation Chambers

INFILTRATION & STORAGE PRODUCTS

- Boxes – Trenches – Manholes

EVAPOTRANSPIRATION & BIOPROCESSING PRODUCTS

- Tree Box Filter
- Sand Box Surface Sand Filter
- Urban Rain Garden
- Subsurface Sand Filter Vault

POLLUTANT NUMERIC DISCHARGE REQUIREMENTS PRODUCTS

- Coalescing Plate Separator Vaults

POROUS PAVEMENT PRODUCTS

- Pavement Slabs

RAINWATER HARVESTING / STORMWATER REUSE PRODUCTS

- Storage Vaults – Cisterns
- Irrigation Pumps, Controls, & Filtration
- Greywater Reuse Systems

SOIL EROSION CONTROL & CHANNEL STABILIZATION PRODUCTS

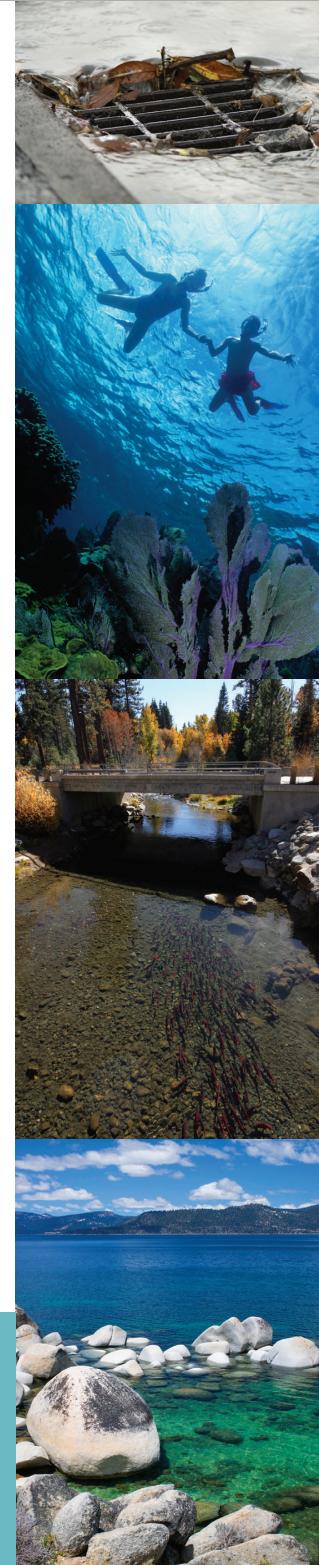

- Temporary Inlet Protection Risers
- Wetland Basin Flow Control Riser Boxes
- Check Dams
- Energy Dissipaters

SPILL PREVENTION, CONTROL, & COUNTER MEASURES (SPCC) PRODUCTS

- Isolation Valve Boxes
- Emergency Spill Storage Vaults

"I have been specifying Jensen Precast products for more than 20 years. They have an excellent website with a good array of standard products and AutoCAD drawings I can import directly into my plans. I've always been impressed by the exceptional quality of their products and their stormwater team's knowledge. Their Professional Engineer has been supportive with design suggestions implementing Jensen products into our design of intercepting storm drainage"

Kenneth Wittels, P.E. Wittels Engineering

Jensen Precast is among the largest independently owned precast concrete companies in the United States. Since 1968, we have grown our business through successful relationships between the contractors we sell to, the engineers who specify us, and the communities which use our products.

We design and manufacture standard and custom precast concrete products to meet infrastructure needs for electric, gas, water, and telecom utility distribution, as well as highway construction, retaining walls, wastewater, stormwater, and sewer applications.
