Jim Stagnitta

Tony Seaman and Jim Stagnitta have a combined 60 years of experience as college recruiters and coaches at the division I, III and Ivy League levels. PreGame is a unique combination of evaluation, assessment and education to help student athletes and their parents jump-start and navigate the college lacrosse recruiting process.

PreGame will launch a national tour beginning in October, stopping in cities throughout the country, bringing both education and evaluation to the players in one-day events. This is accomplished with a staff of former college coaches who will provide players with an unbiased individual evaluation and assessment. PreGame professionals will also conduct comprehensive recruiting seminars at each location to allow for families to plan and maximize their recruiting experience. Players will walk away with a full evaluation of their skill level and what they can expect as they face the recruiting process.

Founding partner Jim Stagnitta has 24 years of college lacrosse head coaching experience and describes how PreGame evolved. " Tony and I felt from our experience as coaches, recruiters and directors of lacrosse exposure camps that the mystery and confusion of the recruiting process was one of the greatest challenges facing players and families. Questions like, what do college coaches really think of me? Or simply, how do we proceed through the process? Were questions we were asked on a regular basis. We created PreGame to help address these questions and take the mystery and confusion out of the process for players and parents"

PreGame offers more than single day events. There are many options available and more comprehensive individual programs. Please visit www.pregamelacrosse.com for a full list of services, check tour dates and locations and to register.
