

## Medical Billing Company Announces the Launch of their New Website and Blog

*Capture Billing's new website has expanded to include blogs and informational videos on medical billing and medical billing services*

Loudoun County, VA - Capture Billing & Consulting, Inc., a nationwide [medical billing company](#) located in South Riding, Virginia, has launched their newly redesigned website detailing the medical billing services it offers. The new website includes access to blogs, podcasts and videos that contain up-to-date information on [medical billing and coding](#), and other relevant healthcare topics.

Capture Billing designed their new website to meet the expectations of their clients and professionals in the healthcare industry. In-house billers and outsourced billers will be able to find information on [medical billing services](#) and online billing tips.

The heavy regulations placed on healthcare reimbursements have left physicians and billers looking for information to help them with their medical billing. Capture's new website is easy to navigate and is updated weekly with a variety of resources including blogs, [Medical Billing Tip videos](#), press releases, podcasts, and other helpful information and pertinent links.

The screenshot shows the homepage of Capture Billing. The top navigation bar includes links for Home, Medical Billing Services, Start Today, Company, Newsroom, FAQs, Blog, and Contact Us. The main content area is divided into several sections. On the left, there is a graphic titled "Maximizing Physician Reimbursements" showing a bar chart with an upward arrow. To the right of this graphic is a section titled "Your Medical Billing Company Medical Billing Services Done Right" with a sub-headline "If you are just gathering information or need assistance right away, we can help." Below this is a "6 Month Initial Agreement then Month-to-Month We Earn Your Trust" badge. There are three main content boxes: 1) "Welcome to Medicare Visit" aka IPPE aka G0402, which includes a photo of a doctor and patient and text about the Initial Preventative Physical Exam (IPPE) G0402. 2) "Medical Billing Services" which lists services like Overview, Charge Entry, Claim Submission, Payment Posting, Patient Billing, A/R Follow-up, and Reports. 3) "Start Today with Capture Billing" which includes a "Getting Started" section and text about staff guidance.

“There are two ways our new website can help medical practices. One, they can look up the information on medical billing and coding, including insightful information regarding Medicare and commercial insurance billing and reimbursement tips, so they can try billing properly themselves. And two, find information on how easy and profitable it is for the practice to outsource their medical billing to us”, said Oliverez.

The main features of [www.CaptureBilling.com](#) are:

- Medical Billing and Coding Blog
- Medical Billing Tips Videos
- Medical Billing Podcasts
- Medical Billing Services

The Newsroom section of the website hosts several videos on medical billing such as [“Coding for Medicare Flu Shots”](#) and the HITECH Act incentive program that provides physicians with incentive

money for implementing certified electronic health records (EHR) and achieving meaningful use. Full transcripts of the all the videos are provided.

“We want to make our website the first choice for physicians, practice managers and medical billers to search and find information on medical billing”, says co-founder Dr. John Farrell.

Manny Oliverez not only helps maintain the website’s content, he is also the CEO of Capture Billing. Manny is active in various organizations within the medical billing and medical practice fields including Practice Management Association, Healthcare Business Alliance and the [American Academy of Professional Coders](#), to name a few. This assists him in keeping well-informed of current concerns and trends in healthcare which he can disseminate to others in the field via the website and blog.

Capture Billing’s new website is built on the WordPress platform making it effortless for people searching on the web to find them. Manny’s knowledge and involvement in the medical billing field ensures the new website is bursting with helpful information for professionals in the healthcare industry.

You can follow Capture Billing on Twitter with its 5,000 plus followers at [@Capture Billing](#) and [Facebook](#) with its 850 fans.

## **ABOUT CAPTURE BILLING**

Capture Billing is a national medical billing company dedicated to helping physicians maximize insurance and patient reimbursements. Their experienced medical billers and certified professional coders, whose attention to detail is unsurpassed in healthcare, eliminates the need of an in-house medical billing staff for medical practices and has propelled Capture Billing into a leader among medical billing companies. Founded in 2004 by a physician who saw the need for high quality medical billing services, Capture Billing provides physician billing to any size medical practice, from primary care to specialty medicine. The Company focuses on making sure insurance claims are paid fast and accurately, assists in proper ICD-9, ICD-10 and CPT coding and has an excellent track record of getting insurance denials appealed and paid. Capture Billing is headquartered outside of Washington, DC in South Riding, Virginia.
