

Economy LapTop Cart™

The Economy LapTop Cart™ is the most cost effective way to store and transport laptops. Choose from two different models, with and without charging capabilities.

- Open model allows for easy access to laptops and cord management.
- Tambour door model provides security without increasing footprint or adding unnecessary weight.
- Powerstrip optional on both models.
- Laminate top on open model provides a smooth worksurface.
- Locking casters allow the cart to be moved easily from room to room.
