slaalumni ASSOCIATION

SLAAA Announces Current Membership

Dallas, TX – September 28, 2011 – SLAAA, an association for firms that sell and service ERP systems who are committed to maintaining the highest ethical standards and sustaining professional growth, is pleased to announce membership for the current association year that begins this month. Membership in the alumni association is extended to all firms that have graduated from the Sage Leadership Academy or Upstream Academy's Blueprint for Excellence.

"SLAAA provides a unique opportunity for Sage business partners. We get together 1-2 times per year for a couple of days with an expert speaker who takes a deep dive into a topic of importance. The sessions are interactive and meaningful, while providing an opportunity for us to exchange opinions on the topic and relate it to our individual businesses. The time we spend together strengthens the ties within the Sage partner community. I encourage every Sage partner to take advantage of membership in the SLAAA which affords these valuable benefits," said Jeff Roth, CEO of SWK Technologies, Inc. and board member.

SLAAA will host their fall retreat in Estes Park, CO in October. The retreat features a one-day presentation on leadership by Eagles Flight, an innovative leader in the development and delivery of practical training programs for the global business community. The second day will be dedicated to the concept of the self-differentiated leader.

Congratulations to the following businesses that are committed to maintaining the highest ethical standards and continued learning.

About SLAAA

SLAAA is non-profit professional association comprised of professional service firms committed to maintaining the highest ethical standards and sustaining professional growth. SLAAA members are consistently recognized both nationally and in their local markets for leadership, client success, and revenue goal achievement. SLAAA meets twice a year for retreats focused on various leadership topics led by topic experts. Members also benefit from retreats, networking with other members and access to executives in a small group setting. Please visit www.slaalumni.com for more information.
