

TOUGHTRACK

Weather-Resistant Fleet Tracker

Fleet monitoring and recovery system

The ToughTrack Fleet Tracker features cutting-edge location technology with superior tracking quality. It is the ideal solution for monitoring and theft recovery of all types of fleet vehicles. This fully-sealed tracking device is built with a durable weather-resistant and dust proof casing, is small enough for covert installations and strong enough to survive any outdoor environment.

ToughTrack is a complete vehicle tracking and communications device. It features geo-fence boundary crossing alerts, 3D motion sensor alerts and a battery tamper alert, so you'll always know the location and condition of the vehicle. With next-generation super-sensitive GPS technology and an internal back-up battery, ToughTrack ensures that your fleet vehicles are monitored at all times.

TOUGHTRACK

Features

- Real-time vehicle tracking
- Small, rugged, weather-resistant tracker
- Battery tamper alert w/ built-in back-up battery for continuous tracking
- 3D motion sensor with alerts
- Built-in cellular and GPS antenna
- 1 Relay output trigger
- Superior GPS & cellular quality
- Easy internal or external installation
- GSM/GRPS cellular networks
