More Riding

Distance Rides

Headphones are dangerous. Listen *out loud* and hear what's around you.

Carries wallet, keys, shirt or book

**Any MP3 player, any cell phone**

Works with MP3 players, iPods®, iPhones®, Android™, Windows® phones, Blackberry® and more.

Windows Phone®

BlackBerry® Smartphone

**Any bike, any rider**

Perfect for family rides, centuries, touring, commuting, road bikes and more. Even baby strollers!

**Crystal clear sound**

Speakers and player held right in front so you can listen privately while riding with others. Digital 12-volt amplifier (select models) rivals many car stereos.

**Handy volume control**

Easy to reach, always there.

**Charges smartphone as you ride**

For select compatible phones. Save power for calls, extend time streaming music or navigating.
